ABOUT THE COVER: The LuEsther T. Mertz Library and artwork throughout the catalog is by artist and Instagram sensation Bridget Beth Collins, who forages natural materials for her charming creations from the sidewalks, meadows, and woods in her Seattle neighborhood. Find out more about her at FloraForager.com or check out her book *The Art of Flora Forager*.

Calendar

	HOLIDAYS	SCHOOL SCHEDULE
JANUARY	New Year's Day Martin Luther King Day weekend	Winter term begins
FEBRUARY	Lincoln's Birthday Presidents' Day weekend	
MARCH	Passover	
APRIL	Easter Sunday	Spring term begins
MAY	Memorial Day	
JUNE		Graduation for those who have completed their Certificates
JULY	Independence Day	Summer term begins
AUGUST		
SEPTEMBER	Labor Day weekend Rosh Hashanah Yom Kippur	
OCTOBER	Columbus Day	Fall term begins
NOVEMBER	Election Day Thanksgiving and the following Friday	
DECEMBER	Christmas week	

The Board of the New York Botanical Garden

OFFICERS

Chairman

J. Barclay Collins II

Chairman of the Executive Committee

J. Barclay Collins II

Chief Executive Officer

The William C. Steere Sr. President
Carrie Rebora Barratt, Ph.D.

Senior Vice Chairman

Lionel Goldfrank III

Vice Chairman for Strategic Planning

Mrs. Nicholas J. Sakellariadis

Secretary

Hon. Dianne T. Renwick

Treasurer

Craig Vosburg

Vice Chairmen

Edward P. Bass
Larry E. Condon
Amy Goldman Fowler, Ph.D.
Marjorie G. Rosen
William C. Steere, Jr.
Shelby White

Executive Committee

J. Barclay Collins II, Chairman
Carrie Rabora Barratt, Ph.D., Ex Officio
Edward P. Bass
John W. Bernstein
Maureen K. Chilton, Ex Officio
Larry E. Condon
Amy Goldman Fowler, Ph.D.
Lionel Goldfrank III
Diane Katzin
Wilson Nolen, Ex Officio
Hon. Dianne T. Renwick
Marjorie G. Rosen
Deborah Goodrich Royce
Mrs. Nicholas J. Sakellariadis
William C. Steere, Jr.
Carmen M. Thain
Craig Vosburg, Ex Officio
Caroline A. Wamsler, Ph.D.
Shelby White

Trustees

Leonard Abess
Robert A. Bartlett, Jr.
Gary A. Beller
Mrs. Jeremy H. Biggs
Mrs. Coleman P. Burke
Mrs. Harry Burn III
Mrs. Jonathan C. Clay
Naeem Crawford-Muhammad
José Luis Cruz, Ph.D.
Mrs. Marvin H. Davidson
Florence A. Davis
Jacqueline H. Dryfoos
Mrs. Edith B. Everett
Robert F. Gossett, Jr.
Weslie R. Janeway
Henry P. Johnson
Jill Joyce
Karen Katen
Edith W. Kean
Thomas E. Lovejoy, Ph.D.
Susan E. Lynch
Serafin U. Mariel
Susan E. Kay Matelich
Gilbert C. Maurer
Lynden B. Miller
George M. Milne, Jr., Ph.D.
Hidemoto Mizuhara
Janet M. Montag
Malcolm C. Nolen
Jessye Norman
Susan R. Palm
Marc B. Porter
Mrs. John R. Robinson
Mrs. Arthur Ross
Gillian Steel
Michael H. Steinhart
Sally Susman
John A. Thain
Douglas Dockery Thomas
Joseph A. Thompson
Mish Tworowski
Gordon A. Uehling III
Karen Washington
Sigourney Weaver
Michael A. Zarcone

Chairmen Emeriti

Maureen K. Chilton
Wilson Nolen

Life Trustees

Lewis B. Cullman
Mrs. Andrew Heiskell
Kenneth Roman

Trustee Emerita

Mrs. Thomas H. Choate

President Emeritus

Gregory Long

Distinguished Counsellors to the Board

Gloria M. Coruzzi, Ph.D.
Sir Peter R. Crane, FRS Helen Dillon
Rafaela Campostrini Forzza, Ph.D.
Vartan Gregorian, Ph.D.
Penelope Hobhouse, Hon.D.Litt. VMH
Joseph M. McShane, S.J.
Laurie D. Olin, FASLA
Professor Sir Ghilleen Prance, FRS, VMH
Quentin D. Wheeler, Ph.D.
Edward O. Wilson, Ph.D.

Ex Officio Trustees

Hon. Richard A. Carranza
Hon. Bill de Blasio
Hon. Ruben Diaz Jr.
Hon. Tom Finkelpearl
Hon. Corey Johnson
Hon. Mitchell Silver
Hon. Scott M. Stringer

Board of Advisors

R. Ellen Avellino
Cynthia D. Brodsky
Susan Cohen
Elizabeth B. Dater
Patricia Fast
Aramina Vega Ferrer, Ph.D.
Mrs. Robert C. Graham, Jr.
Carla Hall
Mai Hallingby Harrison
Mrs. Charles B. Johnson
Alexandra Leberthal
Lawrence Lederman
Peter R. McQuillan
Gillian Minitier
Mrs. Andrew Safran
Nicholas J. Sakellariadis
Kate Solomon
Mrs. B. Robert Williamson, Jr.

School Staff

DIRECTOR

The School's operations are managed by **Lisa Whitmer**, the Director of the School of Horticulture & Landscape Design. Lisa brings a wealth of expertise to The New York Botanical Garden, as she has worked as a teacher and an educational program director for 20 years, fostering students' curiosity and critical thinking in content areas as diverse as video production, history, and robotics for organizations including BRIC Arts | Media | Bklyn, Tribeca Teaches, Adobe Youth Voices, RoboFun, and Aragon High School.

INSTRUCTORS

Erin Backus

Erin Backus, M.S., CRC, HTR has a Bachelor's degree in Ornamental Horticulture and Plant Science from SUNY Cobleskill, a Master's in Rehabilitation Counseling from SUNY Buffalo and earned her horticultural therapy certification through the Horticultural Therapy Institute in Colorado. Erin currently works at Silver Hill Hospital, where she runs therapeutic horticulture groups for patients with mental health, substance use disorders and co-occurring disorders.

John Beirne

John Beirne, HTR, a horticultural and garden-design consultant, runs a horticultural therapy program at New Bridge Services, Inc., a mental health center in New Jersey.

Daryl Beyers

Daryl Beyers, brings over 20 years' experience designing residential gardens and private estates to NYBG. Daryl has gone from the self-described "the guy pushing the wheelbarrow" to the owner of his own design business and an accomplished garden writer. He's a former editor at *Fine Gardening*, and his articles have been featured in *HGTV Magazine* and in *Martha Stewart Living*, where he also served as Contributing Editor.

Katherine Brechner

Katherine Brechner, a graduate of the Horticulture Therapy program at NYBG, volunteers at New Bridge Services offering counseling, addiction and housing services for varying populations, while working at River Spring Health at the Hebrew Home for the Aged. She owns Lasting Nature, a company offering Horticulture Therapy programs for all ages and stages.

Katie Bronson

Katie Bronson is a Gardener in the Everett Children's Adventure Garden at the New York Botanical Garden.

Wayne Cahilly

Wayne Cahilly is a graduate of the School of Professional Horticulture at the Botanical Garden, where he is the manager of the Lionel Goldfrank III Institutional Mapping Department. He is a member of the American Society of Consulting Arborists, a Certified Arborist, and a Certified Tree Risk Assessor. Wayne's talent for photography is often called upon to photograph landscapes and tree parts in the context of forensic investigations. His photographs are frequently exhibited as evidence in court proceedings, and his garden and flower photographs have been used in several publications.

Gustavo Capparelli

Gustavo Capparelli, BLA, is a landscape designer with a Bachelor in Landscape Architecture from Syracuse University and significant experience in the landscape industry, specifically design-build, estimating, and project management.

Paula Capps

Paula is an entrepreneur whose special interest is the history of medieval, Victorian, and modern gardens. She has studied garden history at Oxford University and has travelled extensively to visit and study gardens in the United States and Europe.

Pat Czarnecki

Pat Czarnecki, HTR, MBA, received a Certificate in Horticultural Therapy from the Botanical Garden. She is the owner of GreN'ergy LLC-horticultural therapy and garden specialists servicing people of all ages and abilities in the NY metro area, and a public speaker on the many benefits of horticultural therapy. Pat is a certified Paraprofessional with specialty in Autism, active Master Gardener through Rutgers University, and past Board member of the Mid-Atlantic Horticultural Therapy Network, Inc. Pat received the distinguished Mid-Atlantic Horticultural Therapy Network, Inc.'s "2013 Outstanding Professional Service Award".

Phyllis D'Amico

Phyllis D'Amico, HTM, is a registered horticultural therapist with the American Horticultural Therapy Association and has worked in the field for over 25 years with children and adults of all ages and abilities. Phyllis has created an award-winning horticultural therapy program for special needs students at the New Jersey Regional Day School in Newark, where she is the Lead Science Teacher and Horticultural Therapist. Phyllis earned a Certificate in Horticultural Therapy from the Botanical Garden, where she has been an instructor for 30 years.

Valerie D'Antonio

Valerie D'Antonio, APLD, holds a Certificate in Landscape Design from the New York Botanical Garden. She is the principal and owner of D'Antonio Landscape Designs, Inc. which specializes in residential garden design, installation, maintenance, garden coaching and consultation.

Steve Dobossy

Steve Dobossy is one of the owners of RR Irrigation, one of New Jersey's first irrigation companies. The company was instrumental in establishing certification for the design and installation of lawn sprinklers in New Jersey and now services some of the tri-state area's largest commercial properties.

Alice Eckerson

Alice Eckerson, RLA, ASLA, is owner of the landscape architecture firm Eckerson Design Associates in Fairfield, Conn., which specializes in residential site planning and design.

William Harris Einhorn

William (Bill) Harris Einhorn, RLA, is a licensed landscape architect in New York, Connecticut, and New Jersey. He is the owner of LDAW Landscape Architecture, PC, specializing in residential design and installation with a focus on pool environments. Prior to establishing LDAW, Mr. Einhorn was the landscape architect at the New York Botanical Garden.

Don Gabel

Don Gabel is Manager of Plant Health at the Botanical Garden. He is an ISA-Certified Arborist, a Certified Nurseryman, and has been active in the horticultural industry for more than 35 years.

Alexis Gagne

Alexis Gagne is an Associate at MNLA who has practiced throughout the U.S. prior to joining the firm in 2013. She is well versed on navigating a wide range of project types at a variety of scales and currently leads multiple high-profile design projects in New York City. She received a Bachelor of Landscape Architecture from California Polytechnic State University, San Luis Obispo.

Manny Grossman

Manny Grossman is the owner of Rogers Gardening Service, a garden restoration, maintenance, design, and installation firm in Westchester County. He is certified by NYBG in ornamental garden design and is a certified Permaculture designer and instructor. He is also an organic tropical fruit farmer with nine acres under cultivation in Puerto Rico.

Michael Hagen

Michael Hagen is the NYBG Curator of the Native Plant Garden and the Rock Garden. He previously served as Staff Horticulturist for Stonecrop Gardens in Cold Spring, NY and Garden Manager at Rocky Hills, in Mt. Kisco, a preservation project of the Garden Conservancy.

Sarah Hettinger

Sarah Hettinger is a graduate of New York University in England with a degree in Historic and Sustainable Architecture. She's worked as an Assistant Conservation Officer to the Planning Division in the London Borough of Lambeth and joined the New York Botanical Garden as the Assistant of the Lionel Goldfrank III Institutional Mapping Department in 2012.

Abby Jaroslow

Abby Jaroslow, HTR, CH manages the Sachs Conservatory at MossRehab. She designed the gardens and developed an extensive and integrated HT program. She collaborates with the treatment teams, serving individuals recovering from Brain and Spinal Cord Injuries, Stroke, Amputation and Complex Neurological Conditions.

Songsuk Kim

Songsuk Kim, BS, is a graduate of the School of Professional Horticulture at the Botanical Garden, where she is now a Gardener in the Enid A. Haupt Conservatory.

Mark Kokinchak

Mark has a degree in Environmental Horticulture from UCONN and earned a state issued Custom Grounds 3A and Arborist 3D licensing. He has over 35 years of experience in landscaping, tree and shrub maintenance, as well as turf management. His emphasis has been on fertility, cultural practices and the control of insects and diseases.

Bill Kolvek

Bill Kolvek is owner and operator of Bill Kolvek Perennials, a nursery that has grown perennials, grasses, ferns, vines, and woody plants since 1987. Bill's carex were recently featured on Martha Stewart Living.

Dave McConnell

Dave McConnell, BLA, approaches landscape architecture from a fine arts and traditional architecture background. He has been involved with the design and construction of scores of projects throughout the city, including Concrete Plant Park, portions of the Bronx River Greenway and Hudson River Park Greenway, Yankee Stadium, Washington Square Park, Pelham Parkway Malls, and numerous smaller parks and playgrounds.

Marta McDowell

Marta McDowell holds a Certificate in Landscape Design from the Botanical Garden. She is a writer, lecturer, and garden designer. Her latest books include *The World of Laura Ingalls Wilder* and *All the Presidents' Gardens*, both published by Timber Press. Marta is active in the Chatham Community Garden and is on the board of the NJ Historical Foundation at the Cross Estate in Bernardsville.

Laura McKillop

Laura McKillop earned a Certificate in Landscape Design from NYBG. She is a Senior Design Associate with Johnsen Landscapes & Pools.

Anne Meore

Anne Meore, LMSW, HTR, is a Licensed Master Social Worker and a Registered Horticultural Therapist. She earned a Certificate in Horticultural Therapy from the New York Botanical Garden in 2007; a Certificate in Permaculture Design from Oregon State University; a BA in Psychology & Elementary Education from Bethany College; an MA in School Guidance Counseling from New York University; and an MSW from Fordham University. Currently, Anne is the Coordinator of the Garden Ministry at Bon Secours Charity Health System and an instructor at The Edible Academy at NYBG; owns Planthropy, LLC; serves on the Board of Directors of the Mid-Atlantic Horticultural Therapy Association, Inc.; and works in the Horticultural Therapy Greenhouse Program at Bergen Regional Medical Center.

Caitlin Merritt

Caitlin Merritt finds a great source of her enthusiasm and designs from the intersections of aesthetics, history and culture. In addition to teaching at the New York Botanical Garden, Caitlin teaches classes in philosophy, intellectual history and great books at Sacred Heart University in Fairfield, Connecticut. She has earned her bachelor of arts in Philosophy at the College of the Holy Cross and her Master's at Boston College.

Nancy Minich

Nancy A. Minich, HTR, RLA, ASLA, MLA, is a registered horticultural therapist and landscape architect, with a Masters in Landscape Architecture. She is the principal of NAM Planning & Design, LLC, a consulting landscape architecture and horticultural therapy firm focusing on regenerative landscapes and therapeutic program design.

Leslie Needham

Leslie Needham graduated from NYBG in 2004 and founded her own residential landscape design firm just one year later. Leslie Needham Design, LLC works with clients who value land stewardship and seek strong, creative design approaches to unlock the potential of a landscape. She leads a firm that strives to integrate a client's goals and sensibilities with the spirit of place to create timeless, yet energetic, landscapes that will mature and evolve over the years.

Jennifer Nitzky

Jennifer Nitzky is a Landscape Architect and Certified Arborist with over 20 years of experience in urban planning and design, park and recreational design, playgrounds, and campus design, working in both small landscape architecture firms and large, multi-disciplined offices

Anna Paltseva

Anna Paltseva majored in Ecology and Nature Management at Stavropol State University in her native Russia, where she was class president, president of the Scientific Society, and worked in the biogeochemical lab studying a local river and conducting hydro-chemical analyses. Anna is now on track to obtain a doctorate in Earth and Environmental Sciences from Brooklyn College, where she is an adjunct lecturer. In her spare time, she educates people about soil contamination in urban gardens at the Brooklyn Botanical Garden and New York City Housing Authority annual events.

Julian Picciano

Julian Picciano graduated from Purdue University in 2010 with a degree in Forestry. He spent four years as a climber and plant healthcare technician before becoming a climber/ pruner and then a forester with the NYC Parks Department.

Liz Pulver

Liz Pulver has practiced landscape architecture since 1997, working with national and international leaders in the industry. Her experiences with West 8, Hollander Design, Thomas Balsley Associates and David Thorne, give her unique insight into the genesis of design at varied scales from residential gardens to greenroofs to campuses and city parks. Her experience in design-build and landscape construction, provides a practical overlay that keeps her work tied to the realities of the site and application. Liz is a registered landscape architect in New York and California and has begun developing a product line for small, urban gardens. She was raised in the Hudson Valley and earned her bachelor's degree in Landscape Architecture from Cornell University.

Michael Ruggiero

Michael Ruggiero is the horticulturist at Matterhorn Nursery in Spring Valley, N.Y. Former Senior Curator of Horticulture and a long-time instructor at the Botanical Garden, he lectures and writes on gardening topics and has authored several books.

Vincent Simeone

Vincent Simeone has worked for many years in public horticulture and is currently the Director at Planting Fields Arboretum State Historic Park. He also leads garden tours all over the world with Allan Armitage. Vincent serves on several committees including the Gold Medal Plant Award Committee and the LINLA Landscape Awards Committee. He has just finished his fifth book on garden sustainability, *Grow More with Less*.

Nicholas Storrs

Nick Storrs, Urban Farm Manager at the Randall's Island Urban Farm, grew up on a small subsistence farm in New Hampshire. After receiving a B.A. from McGill University, he worked in Brazil and Bolivia growing vegetables and coffee, and later apprenticed at the Last Resort Farm in northern Vermont producing vegetables for local markets and grocery stores. He is a contributor to the Five Borough Farm Project, an initiative of the Design Trust for Public Space, as well as to research conducted by the Northeast Rice Association in conjunction with Cornell University.

Mobee Weinstein

Mobee Weinstein is Foreman of Gardeners at the Botanical Garden, holds a BS in Plant Studies from Lehman College, and is a graduate of the School of Professional Horticulture. She is a NOFA-accredited Organic LandCare Professional and has more than 30 years of experience.

Matthew Wichrowski

Matthew Wichrowski, MSW, HTR, has been practicing horticultural therapy at NYU-Langone Medical Center for 20 years, where he is Senior Horticultural Therapist, and a clinical assistant professor of rehabilitation medicine at the NYU School of Medicine. He lectures nationally and internationally and publishes regularly in a variety of media on the effects of nature on human health and well-being, the focus of his research interests. Recently, he co-authored the book, *The Glass Garden: A Therapeutic Oasis in New York City*, which won the 2015 AHTA Publication Award.

Blythe Yost

Blythe Yost is the principle and founder of Yost Design, a boutique landscape architecture firm specializing in residential and small commercial projects in the New York metropolitan area. Blythe has been practicing landscape architecture for ten years since graduating from Cornell University in 2005. With a background in horticulture and fine art, she appreciates selecting the perfect materials for each original and creative design challenge.

HORTICULTURE

Develop the vital skills needed to protect and manage landscapes, maintain healthy trees, design attractive gardens, and produce landscape plants. Many horticulture students start their own businesses or pursue rewarding careers in a breadth of areas, including landscaping companies, nurseries and garden centers, public parks, botanical gardens, and private estates. Enroll in a single class or pursue a Horticulture Certificate.

THE CERTIFICATE PROGRAM

The NYBG Horticulture Program blends classroom theory with field studies in the Garden's historic landscape, teaching students how to form and care for healthy, sustainable landscapes. Courses are designed and taught by landscape professionals, botanists, and practicing horticulturists. The program offers a high standard of training in four areas of concentration:

TRACK 1: PLANT PRODUCTION

Gain the skills to propagate and produce an array of native and non-native plants for nurseries, garden centers, and landscape restoration projects.

TRACK 2: SUSTAINABLE LANDSCAPE MANAGEMENT

Understand landscape maintenance and management practices using the concept "right plant—right place" in residential and commercial landscapes.

TRACK 3: ARBORICULTURE

Know how to grow, prune, care for, and manage trees in parks, residential sites, and urban environments.

TRACK 4: SUSTAINABLE GARDEN DESIGN

Be able to design small-scale gardens for homes, communities, and private clients.

CERTIFICATE REQUIREMENTS

COURSE	CODE	HOURS*
PLANT PRODUCTION—TRACK 1		
Introduction to Plant Science	HRT 300	16
Soil Science I: Physical Properties	HRT 301	18
Soil Science II: Chemistry and Nutrition	HRT 302 P	18
Horticultural Techniques: Greenhouse Practices**	HRT 312 P	15
Insect Pests of Landscape Plants	HRT 381 P	18
Plant Propagation I: Basic Principles	HRT 411 P	18
Plant Propagation II: Applications**	HRT 412 P	17
Disease Identification & Management	HRT 481 P	18
Nursery and Greenhouse Management**	HRT 491 P	24
TOTAL REQUIRED HOURS		162

*Course hours do not include exam hours

**Courses offered in the Fall–Winter Catalog

P Courses with a prerequisite before you can register

For professional horticultural organizations, see p. 23.

"A (very) amateur gardener for years, I decided to have a go at a career in horticulture, and enrolled in NYBG's Sustainable Garden Design Certificate Program. There I found a staff of working professionals who blend theory, their experiences, and an unrivaled outdoor classroom into a solid foundation for professional gardening. The program has equipped me well for both my work as an urban gardener in New York and as a designer with a taste for more rural settings. And every bit of it is fun."

— TIM NOLAN, 2018 Graduate
Lead Gardener, Folia Gardens

**GET NYBG
CERTIFIED**

The increasing concern for environmental quality, conservation, and restoration is driving jobs in the horticulture industry—which will grow 18% in the next decade, according to the Bureau of Labor Statistics. In public parks and private gardens nationwide, demand continues for native, easily maintained landscapes. The NYBG Horticulture Certificate is a serious credential that helps professionals enhance their profile, as well as individuals exploring new green careers. It's a unique opportunity for rigorous study with landscape professionals and horticulture experts on the grounds of America's premier urban garden.

INTRODUCTION TO PLANT SCIENCE

ALL TRACKS

Designed for students who want a user-friendly introduction to plant science, this course surveys the major groups of plants—flowering plants, conifers, ferns, and bryophytes—focusing on plant form and structure. Learn about the relationships between appearance and function, ecology, systematics, and evolution, and become botanically literate. Gain practical experience in dissecting and analyzing plant structures.

7 Tuesdays, 3/26–5/7, 10 am–12:40 pm
Manny Grossman | NYBG | 193HRT300A

7 Saturdays, 4/13–6/8 (no class 4/20 & 5/25),
2–5 pm
Manny Grossman | NYBG | 194HRT300B

7 Thursdays, 9/19–10/31, 10:30 am–1:10 pm
Anya Paltseva | NYBG | 201HRT300F

\$395/\$435

SOIL SCIENCE I: PHYSICAL PROPERTIES

ALL TRACKS

Soil is a dynamic, living organism and the very foundation of sustainable horticulture and agriculture. This course focuses on the texture, structure, density, and color of different soils and the dynamic relationship that exists among soil, water, and plants. Through lectures and labs using microscopes, learn irrigation and drainage techniques and explore how soil, organic matter, and microbiology relate to plant health and soil conservation.

7 Thursdays, 3/14–4/25, 10:30 am–1:30 pm
Anya Paltseva | NYBG | 193HRT301D

7 Thursdays, 6/13–8/1 (no class 7/4), 10 am–1 pm
Manny Grossman | NYBG | 194HRT301B

7 Thursdays, 9/19–10/31, 2–5 pm
Anya Paltseva | NYBG | 201HRT301C

\$455/\$495

SOIL SCIENCE II: CHEMISTRY AND NUTRITION TRACKS 1, 2, & 3

Learn how to nurture the soil so it can sustain your plants. Go beyond basic soil chemistry, by understanding the ionic exchange capacities of soil, as well as how a soil's pH affects what nutrients are available to plants. Explore the complex nitrogen cycle, and the use of composted soil amendments, and fertilizers. In addition, analyze your own soil sample, and discover how soil and plant tissue tests can help monitor plant nutrition and health.

 Prerequisite: *Soil Science I*

7 Mondays, 4/1–5/13, 10 am–1 pm
Anya Paltseva | NYBG | 194HRT302

\$395/\$445

**LANDSCAPE PLANTS: BULBS** TRACK 4

This course is designed for horticulturists, gardeners, or designers who want to learn to identify and classify familiar and unusual spring-, summer-, and autumn-flowering bulbs. We will also focus on understanding their biology. Prerequisite: *Introduction to Plant Science*

7 Wednesdays, 3/13–4/24, 4–6 pm
Marta McDowell | NYBG | 193HRT342A

7 Thursdays, 3/14–5/2, 4:30–6:30 pm
Michael Hagen | NYBG | 193HRT342S

\$295/\$325

PLANTS FOR LANDSCAPING TRACK 4

Examine the use of plants in the landscape with an emphasis on choosing the right plant for the right place, based on site-specific design and maintenance criteria. Learn aspects of special landscape values such as size, texture, color, and flowering and fruiting seasons. Review the trees, shrubs, groundcovers, annuals, and perennials suitable for landscaping in this region. Please dress for the weather and wear comfortable shoes.

6 Saturdays, 3/30–5/11 (no class 4/20), 10 am–12:40 pm
Valerie D'Antonio | NYBG | 193HRT358C

5 Saturdays, 6/1–6/29, 10:30 am–1:45 pm
Vincent Simeone | NYBG | 194HRT358B

6 Tuesdays, 9/17–10/29 (no class 10/8), 6:15–8:50 pm
Michael Ruggiero | NYBG | 201HRT358C

6 Fridays, 9/20–10/25, 10 am–12:40 pm
Valerie D'Antonio | NYBG | 201HRT358D

\$395/\$435

LANDSCAPE PLANTS: SPRING TREES AND SHRUBS TRACK 3 & 4

This course is also required for the Landscape Design Certificate.

Learn the identification, classification, and landscape use of spring-flowering trees and shrubs. Major plant groups include *Magnolia*, *Malus*, *Prunus*, *Viburnum*, and other genera, which are particularly ornamental in spring. The class goes out on the grounds rain or shine. Prerequisite: *Introduction to Plant Science*

5 Saturdays, 4/6–5/18, 11 am–2 pm
Vincent Simeone | NYBG | 194HRT334A

5 Wednesdays, 4/10–5/8, 10 am–1 pm
Michael Ruggiero | NYBG | 194HRT334B

5 Thursdays, 4/11–5/9, 1:30–4:30 pm
Michael Ruggiero | NYBG | 194HRT334C

5 Thursdays, 4/11–5/9, 5–8 pm
Michael Ruggiero | NYBG | 194HRT334D

\$295/\$325

LANDSCAPE PLANTS: SPRING PERENNIALS TRACK 4

This course is designed for horticulturists and gardeners who are familiar with the basic culture of perennials. Learn the identifying characteristics, classification, scientific and common names, and landscape uses of approximately 60 spring-blooming perennials. Please dress appropriately for outdoors.

Prerequisite: *Introduction to Plant Science*

4 Sundays, 4/28–5/19, 10:30 am–1:30 pm
Manny Grossman | NYBG | 194HRT336A

4 Fridays, 5/17–6/14 (no class 5/24), 10 am–1 pm
Michael Ruggiero | NYBG | 194HRT336B

4 Wednesdays, 6/5–6/26, 4:30–7:30 pm
Katie Bronson | NYBG | 194HRT336S

\$219/\$239

TROPICAL PLANTS TRACK 4

Learn the identification, classification, and culture of houseplants, greenhouse and conservatory plants. Major plant groups to be studied include aroids, bromeliads, Marantaceae, and other ornamental tropical plants grown indoors. Prerequisite: *Introduction to Plant Science*

8 Tuesdays, 7/9–8/27, 5–7:10 pm
Songsuk Kim | NYBG | 201HRT361A

\$355/\$395

LANDSCAPE PLANTS: ANNUALS TRACK 4

Become familiar with the identification, culture, and landscape use of annuals and select tender perennials. Review major groups of common species as well as more unusual types. Learn how to choose low-maintenance plants, and review the scientific and common names and the identification of approximately 60 annuals. Prerequisite: *Introduction to Plant Science*

5 Wednesdays, 7/10–8/7, 10:30 am–12:30 pm
Michael Ruggiero | NYBG | 201HRT341A

5 Saturdays, 7/13–8/10, 12–2 pm
Michael Ruggiero | NYBG | 201HRT341B

\$195/\$215

LANDSCAPE PLANTS: LATE SEASON PERENNIALS & GRASSES TRACK 4
Formerly Landscape Plants: Summer and Fall Perennials

This course is designed for horticulturists and gardeners who are familiar with the basic culture of perennials. Learn the identifying characteristics, classification, scientific and common names, and landscape uses of approximately 60 summer- and fall-blooming native and non-native perennials and grasses. Please dress appropriately for outdoors.

Prerequisite: *Introduction to Plant Science*

5 Wednesdays, 9/4–10/2, 4:30–7:30 pm
Adam Dooling | NYBG | 201HRT338S

5 Saturdays, 9/14–10/19 (no class 10/12), 11 am–2 pm
Bill Kolvek | NYBG | 201HRT338A

5 Tuesdays, 9/24–10/22, 10 am–1 pm
Michael Ruggiero | NYBG | 201HRT338B

\$295/\$325

LANDSCAPE PLANTS: FALL TREES AND SHRUBS TRACK 3

Explore how to identify and use major groups of shade trees and shrubs native to and hardy in our region in the landscape, including *Acer*, *Quercus*, and *Viburnum*, which are particularly ornamental in fall. The class goes out on the Garden grounds rain or shine. Prerequisite: *Introduction to Plant Science*

5 Sundays, 9/15–10/27 (no class 9/29 & 10/13), 10 am–1 pm
Michael Ruggiero | NYBG | 201HRT331A

5 Sundays, 9/15–10/27 (no class 9/29 & 10/13), 1:30–4:30 pm
Michael Ruggiero | NYBG | 201HRT331B

7 Wednesdays, 9/25–11/13 (no class 10/9), 4:30–6:30 pm
Michael Ruggiero | NYBG | 201HRT331C

\$295/\$325

Exam on last class date.

SUSTAINABLE GARDEN DESIGN TRACK 4

Learn the fundamental principles of design in this studio-oriented course, including site analysis, schematic and finished planting plans, and various garden styles. Study the effective use of color when selecting specific garden plants and learn various color schemes such as analogous or sequential, complementary, and monochrome. Visual presentations, discussions, and design projects combine practical information with the more theoretical aspects of garden design. Review flowering trees, shrubs, perennials, annuals, and bulbs. A list of required materials will be provided.

Prerequisites: *Graphics I*, *Landscape Plants: Annuals*, *Landscape Plants: Spring Perennials* and *Landscape Plants: Late Season Perennials & Grasses*

7 Saturdays, 10/26–12/14 (no class 11/30),
10 am–12:50 pm

Laura McKillop | NYBG | 202HRT551

\$485/\$535

INSECT PESTS OF LANDSCAPE PLANTS

TRACKS 1, 2, & 3

Learn to identify the insects common to the northeastern United States that feed on woody and herbaceous plants and the damage that they cause. Learn to judge the severity of an infestation and to select and implement control measures based on the insect's biology. **Prerequisite:** *Introduction to Plant Science*

7 Wednesdays, 5/8–6/26 (no class 5/29),
12:30–3:30 pm

Mark Kokinchak | NYBG | 194HRT381S

7 Thursdays, 5/9–6/27 (no class 5/23),
4:30–7:30 pm

Don Gabel | NYBG | 194HRT381A

\$435/\$479

DISEASE IDENTIFICATION & MANAGEMENT

TRACKS 1, 2, & 3

Learn about common diseases of woody and herbaceous ornamentals and turfgrass caused by bacteria, fungi, nematodes, viruses, and abiotic factors and the cultural, biological, and least toxic strategies for their control. Discuss diagnoses of plant problems, including identification of disease- and nutrient-related symptoms. **Prerequisite:** *Introduction to Plant Science*

7 Wednesdays, 4/10–5/22 (no class 5/23), 4:30–7:30 pm

Mark Kokinchak | NYBG | 194HRT481A

7 Wednesdays, 9/4–10/23 (no class 10/9),
12:30–3:30 pm

Mark Kokinchak | NYBG | 201HRT481S

7 Saturdays, 9/14–11/2 (no class 10/12),
10 am–1 pm

Mark Kokinchak | NYBG | 201HRT481B

\$475/\$495

BASIC DESIGN AND INSTALLATION OF IRRIGATION SYSTEMS TRACK 2

Learn how to design, install, and maintain conventional, specialty drip, and micro-drip irrigation systems. Drip systems are useful for rooftop and terrace gardens, planters, raised beds, and many landscape and nursery production systems. We will cover basic hydraulics and review the best irrigation products. Learn to troubleshoot, practice visual maintenance, and identify service requirements. Design books supplied. Please bring lunch.

Thursday & Friday, 3/7 & 3/8, 10 am–4:30 pm
Steve Dobossy | NYBG | 193HRT323

\$295/\$329

HORTICULTURAL TECHNIQUES: LANDSCAPE GARDENING TRACK 2

Learn the basic techniques of landscape gardening, with an emphasis on ecologically appropriate practices. Topics include soil preparation, efficient water and fertilization practices, planting and transplanting, cultivation techniques, and maintaining healthy plants. Wear sturdy shoes, and come prepared to work outdoors. **Prerequisites:** *Introduction to Plant Science* and *Soil Science I*

7 Tuesdays, 3/12–4/23 (no class 4/23), 4:30–7:30 pm, and
Tuesday, 3/26, 10 am–4 pm, (rain date 3/27,
10 am–4 pm)

Mobee Weinstein | NYBG | 193HRT311P

\$455/\$495

PLANT PROPAGATION I: BASIC PRINCIPLES TRACK 1

Learn the principles and techniques of plant propagation by seed and cuttings. Explore the basics of sexual and asexual propagation, with attention to fruit development, seedling production, root initiation, stem and leaf cuttings, and layering. Materials included. **Prerequisite:** *Introduction to Plant Science* (or approval of the Program Coordinator)

7 Mondays, 4/15–6/3 (no class 5/27), 6–9 pm
Michael Ruggiero | NYBG | 194HRT411A

7 Sundays, 7/14–8/25 (no class 8/25), 10 am–1 pm
Michael Ruggiero | NYBG | 201HRT411C

7 Mondays, 9/16–11/11 (no class 9/30 & 10/14),
5:45–8:45 pm

Mobee Weinstein | NYBG | 201HRT411S

7 Tuesdays, 9/17–11/5 (no class 10/8),
5:45–8:45 pm

Nick Storrs | NYBG | 201HRT411P

\$479/\$525

TREE CLIMBING FOR ARBORISTS TRACK 3

Improve your climbing skills by learning techniques such as rope setting, knot tying, body thrusting, doublecrotching, foot locking, and limb walking. Taught on the Garden grounds, this class offers expert instruction and critique. Wear comfortable clothing, sturdy work, or hiking boots, and light leather or cloth gloves. All other equipment is provided. Please bring lunch.

3 Saturdays, 6/8–6/22 (rain date 6/29), 9 am–2:30 pm
Julian Picciano and Francisco Davila | NYBG
194HRT304

\$395/\$435

URBAN TREE CARE TRACK 3

Learn how trees survive the many perils of the urban environment. Soil compaction, construction damage, and land development practices can lead to tree decline and early mortality in trees. Examine the biology of trees, and learn how they respond to changes in the urban environment, particularly their response to natural and man-made stress. Explore techniques for assessing and preserving tree health and vigor, as well as new diagnostic tools and methods for tree and site analysis in developed urban sites. **Prerequisite:** *Introduction to Plant Science*

5 Saturdays, 7/13–8/10 (no class 8/10), 11 am–2 pm
Julian Picciano | NYBG | 201HRT426

\$295/\$325

HORTICULTURAL THERAPY

If you have a passion for plants and helping people, then pursue horticultural therapy and learn how to bring people and the natural environment together for healing purposes. Acquire the therapeutic skills and horticultural techniques needed to serve a broad population of people in need. Enroll in a single class or pursue a Horticultural Therapy Certificate.

THE CERTIFICATE PROGRAM

The NYBG Horticultural Therapy Certificate Program helps students begin or complement their careers through an in-depth exploration of skills and innovative methods using plants and the growing environment to heal and rehabilitate people. Taught by practicing horticultural therapists, this program trains students in the design, implementation, and operation of programs for individuals and groups in a wide variety of health care settings and human services programs.

Upon completion of the program, students will:

- Understand the characteristics and etiologies of the various populations served by horticultural therapy.
- Demonstrate skills in goal setting, activity planning, risk management, evaluation methods, plant selection, and accessible design.
- Prepare proposals to deliver horticultural therapy programs in various venues, including public settings, not-for-profit organizations, private companies, and independent contracting services.

SUMMER INTENSIVE CLASSES | June 10–August 24

If you have a limited amount of time, yet are devoted to learning about Horticultural Therapy, then Summer Intensive Classes are for you!

All required courses are offered in a condensed format, making it easier than ever to start the Certificate this season.

Introduction to Horticultural Therapy

Monday, Wednesday & Friday, 6/10, 6/12 & 6/14,
10 am–3:30 pm | 194THR301B

Monday, Wednesday & Friday, 7/15, 7/17 & 7/19,
10 am–3:30 pm | 201THR301C

Horticultural Therapy for Older Adults

Monday, Wednesday & Friday, 6/17, 6/19 & 6/21,
10 am–3:30 pm | 194THR401

Horticultural Therapy for Physical Rehabilitation

Monday, Wednesday & Friday, 6/24, 6/26 & 6/28,
10 am–3:30 pm | 194THR403B

Horticultural Therapy for Exceptional Youth

Monday, Wednesday & Friday, 7/8, 7/10 & 7/12,
10 am–3:30 pm | 201THR402

Activities Analysis for Horticultural Therapy

Saturdays, 7/13–7/27,
10 am–3:30 pm | 201THR407

Horticultural Therapy in Behavioral Health Settings

Monday, Wednesday & Friday, 7/22, 7/24 & 7/26,
10 am–3:30 pm | 201THR404

Horticultural Therapy Methods and Materials

Tuesday, Thursday & Saturday 7/30, 8/1 & 8/3,
10 am–3:30 pm | 201THR406

Garden Design for Special Populations

Fridays, 8/9–8/23,
10 am–3:30 pm | 201THR408B

Horticultural Therapy Program Management

3 Saturdays, 8/10–8/24,
10 am–3:30 pm | 201THR409B

Site visits are also scheduled in July and August. See class listings on page 16 for descriptions, instructors, and fees.

“Thinking of a possible second career, I enrolled in NYBG’s Horticultural Therapy Program. I loved that my instructors were practitioners in their fields. The assignments were stimulating, challenging and pulled everything together. I now provide my hort therapy services at a nursing home in New Rochelle and I’m excited about the many opportunities to apply what I’ve learned.”

— JUNE HESLER, 2018 Graduate

GET NYBG CERTIFIED

Given America’s green movement, aging demographics, and evolving approaches to health care, Horticultural Therapy is one of the real growth sectors in hospitals, rehabilitation centers, schools, prisons, and mental health programs. The NYBG Certificate in Horticultural Therapy is known nationwide as marking the completion of important initial training toward professional registration with the American Horticultural Therapy Association.

Phyllis D’Amico, HTM, Program Coordinator

Anne Meore, HTR, Program Advisor

QUESTIONS? CONTACT PROGRAM COORDINATOR PHYLLIS D’AMICO, HTM, AT THRCOORDINATOR@NYBG.ORG

CERTIFICATE REQUIREMENTS

Certificate students must complete 189 course hours (189 required + 8 site visit hours), plus a 100-hour internship. After completing a minimum of six courses, students should contact the Program Coordinator to arrange for their internship. To be considered for graduation on June 2, 2019, all internship documentation must be submitted to the Registration Office by May 10, 2019.

FUNDAMENTALS OF GARDENING

Explore the basic principles underlying successful, environmentally friendly gardening, including the structure and physiological processes of plants and their relationships to the settings in which they grow. Students learn not only what to do, but why. Topics include soils and their improvement, seed sowing, vegetative propagation, planting, pruning, watering, weeding, mulching, and disease and pest control.

4 Saturdays, 3/9–3/30, 10 am–1 pm
Michael Ruggiero | NYBG | 193GAR301E

4 Thursdays, 5/2–5/23, 10 am–1 pm
Daryl Beyers | NYBG | 194GAR301C

\$295/\$325 *Certificate Requirement*

INTRODUCTION TO HORT THERAPY

Explore the plant-people relationships and scientific research that are the foundations of horticultural therapy. Learn about current programs that utilize horticultural therapy and the benefits of using plants and plant-related activities to reach cognitive, physical, psychological, and social goals for a variety of populations. Engage in activities for disability awareness and the development of therapeutic skills. Resources for professional development and the professional registration process are covered.

3 Saturdays, 3/30–4/13, 10 am–3:30 pm
Anne Meore, HTR | NYBG | 193THR301D

Monday, Wednesday, & Friday, 6/10, 6/12, & 6/14,
10 am–3:30 pm
Anne Meore, HTR | NYBG | 194THR301B

Anne Meore, HTR | NYBG | 201THR301D

\$375/\$415

HORT THERAPY FOR PHYSICAL REHABILITATION

Sharpen your clinical skills while learning how horticultural therapy is utilized in a physical rehabilitation setting. Explore the team treatment process and learn about the various conditions treated in this setting. Etiology, diagnosis, and psychosocial effects are covered. Learn the role of the horticultural therapist in the treatment process, including assessment, documentation, and development of goals and objectives. Review case studies and develop treatment plans. **P** Prerequisite: *Introduction to Horticultural Therapy*

3 Saturdays, 5/4–5/18, 10 am–3:30 pm
Matthew Wichrowski, HTR | NYBG | 194THR403A

Monday, Wednesday, & Friday, 6/24, 6/26, & 6/28,
10 am–3:30 pm
Matthew Wichrowski, HTR | NYBG | 194THR403B

\$419/\$459

HORT THERAPY FOR OLDER ADULTS

Older adults present an increasing need for therapeutic services. Learn about the physical, sensory, cognitive, psychological, and social aspects of aging and their implications for horticultural therapy programming. Explore how horticulture can be an important component in the various levels of geriatric care. **P** Prerequisite: *Introduction to Horticultural Therapy*

Monday, Wednesday, & Friday, 6/17, 6/19, & 6/21,
10 am–3:30 pm
Kathy Brechner, HTR | NYBG | 194THR401

\$395/\$435

HORT THERAPY FOR EXCEPTIONAL YOUTH

Children and adolescents with special needs are the focus of this course. Gain an understanding of the causes and characteristics of various developmental, sensory, physical, behavioral, and learning disabilities. Learn to implement horticultural therapy for a wide variety of goals in programs for preschool-through high school-aged students. Explore the brain-based research and discover how horticultural therapy activities can aid in perceptual development and the learning process. **P** Prerequisite: *Introduction to Horticultural Therapy*

Monday, Wednesday, & Friday, 7/8, 7/10, & 7/12,
10 am–3:30 pm
Phyllis D'Amico, HTM | NYBG | 201THR402

\$419/\$459

ACTIVITIES ANALYSIS FOR HORT THERAPY

For horticultural therapy to be most effective, activities must be structured so a client's progress can be clearly measured and assessed. Using a variety of activities, develop a needs assessment and activity plan, write specific goals with measurable objectives, and practice leadership skills needed to work with groups and individuals. Please bring lunch. **P** Prerequisite: *Horticultural Therapy for Physical Rehabilitation*

3 Saturdays, 7/13–7/27, 10 am–3:30 pm
Abby Jaroslow, HTR | NYBG | 201THR407

\$419/\$459

HORT THERAPY IN BEHAVIORAL HEALTH SETTINGS

Horticultural therapy is practiced in a multitude of behavioral health settings, including hospitals, day treatment programs, group homes, and in private practice. Learn the diagnostic criteria for major psychiatric conditions, including anxiety, mood, psychotic, cognitive, and substance abuse disorders. Review actual case studies and create treatment plans utilizing horticulture activities for specific needs.

P Prerequisite: *Introduction to Horticultural Therapy*

Tuesday, Thursday, & Friday, 7/23, 7/25, & 7/26,
10 am–3:30 pm

Erin Backus, HTR | NYBG | 201THR404

\$419/\$459

GARDEN DESIGN FOR SPECIAL POPULATIONS

Discover how to design, renovate, and evaluate both interior and exterior gardens so they can be effective catalysts for health, inclusion, and therapy. Learn the latest research in health care garden design, common design principles, and what accommodations are needed for different target populations. **P** Prerequisite: *Horticultural Therapy for Physical Rehabilitation*

3 Fridays, 8/9–8/23, 10 am–3:30 pm

Nancy Minich, HTR, RLA | NYBG | 201THR408B

\$395/\$435

HORT THERAPY METHODS AND MATERIALS

Evaluate tools, equipment, and techniques used by participants in HT activities. Design adaptive tools and assistive devices through problem-solving activities. Explore Garden grounds and expand your ability to select plants for specific therapeutic programming needs. **P** Prerequisite: *Horticultural Therapy for Physical Rehabilitation*

3 Wednesdays, 4/10–4/24, 5:30–8:30 pm, and
1 Saturday, 4/27, 10 am–3:30 pm

Phyllis D'Amico, HTM, and John Beirne, HTR
NYBG | 194THR406

Tuesday, Thursday, & Saturday, 7/30, 8/1, & 8/3,
10 am–3:30 pm

Phyllis D'Amico, HTM, and John Beirne, HTR
NYBG | 201THR406

\$419/\$459

HORT THERAPY PROGRAM MANAGEMENT

Learn how to design and implement a horticultural therapy program in the private or public sector. Gain skills in developing program proposals, writing protocols, establishing evaluation methods and record-keeping policies, and managing staff and volunteers. Topics in business practices will include budget development and management, legal aspects of business establishment, and fundraising.

P Prerequisite: *Behavioral Health Settings*

3 Saturdays, 5/4–5/18, 10 am–3:30 pm

Pat Czarnecki, HTR | NYBG | 194THR409

3 Saturdays, 8/10–8/24, 10 am–3:30 pm

Pat Czarnecki, HTR | NYBG | 201THR409B

\$419/\$459

SITE VISITS

Tour some of the organizations practicing Horticultural Therapy in the New York area. Get a close-up look on their day-to-day practices.

Introduction to Horticultural Therapy is the prerequisite for all site visits. Please bring lunch.

THE HORT SOCIETY OF NEW YORK'S GREENHOUSE PROGRAM ON RIKERS ISLAND

Hands-on healing and learning through horticulture takes place at The Hort's GreenHouse program on Rikers Island. Designed and built by individuals who are incarcerated and their instructors, the garden features a native woodland, nursery, and vegetable and herb gardens. HSNY's horticultural therapists will give an overview of the program, and then you will spend the rest of the morning with participants at the GreenHouse.

Thursday, 3/7, 6:30 am–1 pm

Anne Meore, HTR and Hilda Krus, HTR | Off site
193THR537B

Wednesday, 7/31, 6:30 am–1 pm

Anne Meore, HTR and Hilda Krus, HTR | Off site
201THR537A

\$135/\$149

CARDINAL COOKE HEALTH CENTER

Visit a 720-bed chronic and long-term care facility that serves geriatric patients, patients with AIDS, Alzheimer's disease, dementia, Huntington's disease, and patients on short-term rehabilitation. Students will accompany the horticultural therapist on rounds to a variety of units. Lunch is available on-site. Travel directions are mailed with your confirmation letter.

Tuesday, 3/19, 10:30 am–2:30 pm

Anne Meore, HTR and Donna Arabian, HTR
Off site | 193THR528

\$135/\$149

NEW! BRIDGE MEDICAL CENTER

The third largest public hospital in the US, Bridge Medical Center has a robust horticultural therapy program that's over 25 years old. Residents plant, propagate, and maintain plants in the Greenhouse, as well as create plant-based craft projects for display at the center. Tour the facility and take part in HT programming.

Tuesday, 6/18, 10:30 am–2:30 pm

Anne Meore, HTR and Ilona Toth | Off site
194THR531

\$135/\$149

NYU LANGONE MEDICAL CENTER, THERAPEUTIC HORTICULTURE SERVICES, MANHATTAN

The focus of this individualized intensive training is on physical medicine and rehabilitation—history, philosophy, and team functions. Participate in horticulture treatment sessions that deal with patient functioning, treatment goals, and precautions.

Tuesday, 5/14, 8:30 am–1 pm

Matthew Wichrowski, HTR, and staff | Off site
194THR525A

Tuesday, 7/16, 8:30 am–1 pm

Matthew Wichrowski, HTR, and staff | Off site
201THR525B

\$135/\$149

GOOD SAMARITAN REGIONAL MEDICAL CENTER: THE GARDEN OF HOPE

With its 32' x 40' growing space for edible and sensory plantings, The Garden of Hope offers HT opportunities to a wide array of special needs populations. The garden is equipped with rolling planting tables, traditional raised beds, and accessibility features for those with mobility challenges. Explore therapeutic techniques specific to programming in outdoor spaces.

Monday, 8/12 (Rain date: Tuesday, 8/13),
9:30 am–2:30 pm

Anne Meore, HTR | Off site | 201THR546

\$135/\$149

LANDSCAPE DESIGN

The need to develop, preserve, and protect our open spaces and environmental and cultural resources has never been greater. NYBG's engaging, career-oriented program gives you a solid, plant-focused foundation along with the skills and confidence to start your own business. And the Garden offers 250 inspiring acres of sustainable, functional landscapes for up-close, in-depth study. Take a single class for pleasure or pursue a professional Certificate in Landscape Design.

THE CERTIFICATE PROGRAM

The NYBG Landscape Design Certificate Program prepares students for creative careers as landscape designers. Outstanding instructors who are working professionals cover every step of the design process, from landscape history to site analysis and design development.

Upon completion of the program, students will:

- Analyze existing landscapes, identify site-specific problems, and develop design solutions.
- Prepare planting plans that are practical, sustainable, and aesthetically pleasing for a variety of projects.
- Demonstrate skills associated with site engineering practices, principles, and techniques.
- Develop strategies for professional success using business skills in preparing proposals, pricing, purchasing, and more.

SUMMER INTENSIVE PROGRAM | July 8–August 9

In five weeks, earn more than 30% of the course hours required for the NYBG Certificate in Landscape Design. Interactive classes with top landscape architects, designers, guest lecturers, plus trips to historic sites, and the Garden's incomparable resources...this summer program gets your career on the fast track!

CLASSES

**Landscape Design History | Graphics I and II | Landscape Design I | Basic Plant ID
Plants for Landscaping | NYBG Curator-Led Tours | Off-Site Garden Visits
Guest Designer Presentations | Open Studio Time**

Monday–Friday, July 8–August 9, 9 am–5 pm | NYBG | 201LAN960

TUITION AND REFUNDS

\$3,865 (Member) / \$4,249 (Non-Member)

A \$1,285 non-refundable deposit is due at registration.

All materials needed for *Graphics I* and *II* are provided.

An optional payment schedule is available if requested. \$1,285 is due at registration; 2nd payment is due May 20, final payment Monday, June 17, 2019. No refunds after Monday, June 17, 2019.

Questions about the Intensive? Call 718.817.8747 or email: adulted@nybg.org

Class size is limited for individualized attention. Enroll now!

“At NYBG, I discovered more than a challenging curriculum: outstanding instructors, a community of nature enthusiasts, and inspiration through the ever-changing garden grounds. The Landscape Design Program gave me a strong foundation for lifelong learning aligned with my philosophy of a sustainable relationship with nature. As a result, my curiosity and passion for plants, art, and design evolved into an exciting and fulfilling new career as a landscape designer.”

— ANDREA SPUNBERG, 2018 Graduate
Landscape Designer,
Leslie Needham Design LLC

**GET NYBG
CERTIFIED**

Whether you're changing careers or taking yours to the next level, the NYBG Landscape Design Certificate distinguishes your portfolio and showcases your development as a complete professional. Our curriculum, instructors, and influential alumni network make this the gold standard in Certificate programs. And that puts you ahead—with colleagues, employers, and clients.

STUDENT INFORMATION

In addition to the course fees listed, students should anticipate spending approximately \$700 on class materials while completing their Certificate. Students should expect that homework will be assigned in most courses.

LANDSCAPE DESIGN HISTORY

This course is also required for the Horticulture Certificate TRACK 4.

Study theories and principles that have shaped the design of landscapes from antiquity to the present. Explore Eastern and Western garden traditions. Survey all types of gardens and landscapes, including corporate and public spaces, through visual presentations, assigned readings, projects, and classroom discussion. Landscape designs will be considered in the context of the times and societies in which they were created.

8 Fridays, 3/22–5/10, 10 am–1 pm

9 Wednesdays, 9/18–11/20 (no class 10/9),
10 am–1 pm
Paula Capps | NYBG | 201LAN301B

\$595/\$655 *Certificate Requirement*

LANDSCAPE MEASUREMENT

Precise field measurement is the crucial first step in landscape design. Learn how to properly use automatic levels, tapes, and sophisticated survey instruments such as a total-station and mapping grade GPS. Topics will include accurately measuring distances, differences in elevation, and angles. A basic understanding of geometry and trigonometry is helpful. Dress for the weather.

4 Sundays, 4/28–5/19, 1:30–4:30 pm
Wayne Cahilly | NYBG | 194LAN340A

4 Saturdays, 4/6–5/4 (no class 4/20),
(Rain date 5/11), 10 am–1 pm
Sarah Hettinger | NYBG | 194LAN340B

4 Saturdays, 9/14–10/5, (rain date 10/19) 10 am–1 pm
Wayne Cahilly | NYBG | 201LAN340C

\$295/\$329 *Certificate Requirement*

GRAPHICS I

This course is also required for the Horticulture Certificate TRACK 4.

Graphics are essential in developing and communicating your design ideas. Practice various graphic techniques and learn how to organize and render landscape plans on paper for optimal presentation to clients. Work with a range of drawing materials and drafting equipment. Homework is required.

8 Thursdays, 4/4–5/23, 10 am–1 pm
William Harris Einhorn, RLA | NYBG | 194LAN311A

8 Tuesdays, 5/7–6/25, 6:15–9:15 pm
Gustavo Capparelli | NYBG | 194LAN311B

\$595/\$655 *Certificate Requirement*

Exam on last class date.

Bungalow Site Plan (detail), ©Jessica Hills, NYBG Student

GRAPHICS II

Sharpen your graphic skills as you create a file of symbols and styles to draw upon for future professional use. Techniques for black-and-white and color rendering, sheet layout, section elevations, and perspectives are covered. **P** Prerequisite: *Graphics I*

8 Wednesdays, 5/8–6/26, 10 am–1 pm
Gustavo Capparelli | NYBG | 194LAN411B

8 Tuesdays, 9/24–11/19 (no class 10/8),
6:15–9:15 pm
William Harris Einhorn, RLA | NYBG | 201LAN411C

\$595/\$655 *Certificate Requirement*

LANDSCAPE DESIGN IV: DESIGN AND CONSTRUCTION

Draw upon all of the skills you've developed in the Landscape Design program to create a residential project from start to finish, combining design with construction principles. Emphasis is on construction drawings, documents, and specifications, as well as estimating. **P** Prerequisites: *Landscape Design III*, *Grading*, and *Site Materials and Details*

11 Thursdays, 3/7–5/16, 3–6 pm
Liz Pulver | NYBG | 193LAN520B

\$829/\$909 *Certificate Requirement*

PORTFOLIO AND PRESENTATION SKILLS

Create visually compelling portfolios to present to potential clients. Learn how to develop professional documentation for a variety of audiences through in-class design charrettes and individualized projects. Both print and electronic media presentations will be discussed. **P** Prerequisite: *Landscape Design III*

5 Tuesdays, 3/12–4/9, 6:15–9:15 pm
Blythe Yost | NYBG | 193LAN555

\$379/\$415 *Certificate Requirement*

DRAINAGE

Explore the importance of managing storm water runoff utilizing low-impact design techniques. Through lectures, demonstrations, in-class projects, and assignments, learn to identify potential effects of runoff and how to develop a drainage plan to meet the needs of each site. Also, learn to recognize and solve problems of subsurface drainage. Please bring lunch on Saturday. **P** Prerequisites: *Landscape Measurement and Landscape Design I*

2 Wednesdays, 3/13 & 3/20, 3–6 pm, &
1 Saturday, 3/16, 10 am–4:30 pm
Alice Eckerson | NYBG | 193LAN425

2 Wednesdays, 6/5 & 6/12, 3–6 pm, &
1 Saturday, 6/8, 10 am–4:30 pm
Alice Eckerson | NYBG | 194LAN425A

\$295/\$325 *Certificate Requirement*

LANDSCAPE DESIGN II: DESIGN DEVELOPMENT

Apply basic design concepts to site-specific problems, focusing on the process of design development. Start with a conceptual design, then progress through the schematic phase, leading to a preliminary design solution. Examine the relationships of landscape elements and materials to the design process. **P** Prerequisites: *Landscape Design I* and *Graphics II*

8 Wednesdays, 3/13–5/1, 6:15–9:15 pm
David McConnell | NYBG | 193LAN402B

8 Wednesdays, 9/11–11/13 (no class 9/25 & 10/9),
10 am–1 pm
Leslie Needham | NYBG | 201LAN402A

\$575/\$635 *Certificate Requirement*

SITE MATERIALS AND DETAILS

Learn the basic principles of constructing residential landscape features such as walks, steps, simple decks, garden structures, walls, and benches. Study landscape construction standards, techniques, and commonly used materials, and learn to draft construction details. **P** Prerequisite: *Graphics II*

8 Mondays, 3/18–5/6, 10 am–1 pm
William Harris Einhorn, RLA | NYBG | 193LAN422B

8 Mondays, 9/16–11/25 (no class 9/30,
10/14 & 11/11), 6:15–9:15 pm
Gustavo Capparelli | NYBG | 201LAN422A

\$575/\$635 *Certificate Requirement*

LANDSCAPE DESIGN III: PLANTING DESIGN

Through a series of design assignments, learn how to prepare planting plans for a variety of projects. Explore the significance of site conditions as well as plant form, texture, color, and ecological associations. Learn to develop plans that are practical, appropriate, and aesthetically satisfying. **P** Prerequisites: *Landscape Design II*, *Graphics III*, and *Plants for Landscaping*. Recommended: *Landscape Plants: Fall Trees and Shrubs* and *Landscape Plants: Spring Trees and Shrubs*

8 Thursdays, 9/12–10/31, 10 am–1 pm
Alexis Gagne | NYBG | 201LAN403B

\$575/\$635 *Certificate Requirement*

GRAPHICS III

Build and expand upon your graphic presentation skills to create professional presentations to clients. Trimble SketchUp, a 3D sketching software program, is the focus of this advanced graphics class. Laptop computers (PC or Mac) with SketchUp are required. **P** Prerequisite: *Graphics II*

8 Fridays, 9/13–11/1, 10 am–1 pm
William Harris Einhorn, RLA | NYBG | 201LAN417

\$595/\$655 *Certificate Requirement*

PROFESSIONAL PRACTICE FOR LANDSCAPE DESIGNERS

Before you launch your own landscape design and installation practice, there are many business aspects you need to consider. Topics include attracting clients, preparing proposals, pricing, purchasing and installing plants, and strategies for success. **P** Prerequisite: *Landscape Design III*

4 Wednesdays, 10/2–10/30 (no class 10/9),
5:15–8:15 pm
Jennifer Nitzky | NYBG | 202LAN485

\$295/\$325 *Certificate Requirement*

Academic Policies & Procedures

COURSES WITH PREREQUISITES

In order to register for courses with prerequisites, students must have received a passing grade in the prerequisite course(s)

SCHOOL POLICIES FOR CERTIFICATE PROGRAMS

The Director and Program Coordinators formulate policy regarding standards of student performance, including awarding Certificates, rules of conduct, and student appeals. Please contact Director with any questions or concerns at 718.817.8595.

Satisfactory Academic Progress Policy:

Student progress is measured by grades.

Grade	GPA	Percentile
A	4.0	94–100
A-	3.7	90–93
B+	3.3	87–89
B	3.0	83–86
B-	2.7	80–82
C+	2.3	77–79
C	2.0	73–76
C-	1.7	70–72
D+	1.3	67–69
D	1.0	60–66
F	0	0–59
NC	0	NO CREDIT

Students must maintain a cumulative weighted average of 70% on a 100% scale, and must pass all courses with a minimum grade of 60%. All students are required to complete a minimum of 90% of their cumulative registered clock hours. Students who do not meet the 90% cumulative completion percentage will be placed on probation. Courses for which a student receives a letter grade of A, A-, B+, B, B-, C+, C, C-, D+, D, and P (passing) are included in the calculation of cumulative clock hour completion percentage as courses successfully completed.

Courses for which a student receives a letter grade of INC and F will be treated as courses attempted, but not successfully completed. Students are required to meet these minimum standards at each point of their program evaluation. A student must repeat a course and earn a passing grade in order to fulfill the Certificate requirements; additional course materials will be charged at cost.

All coursework (final exams, papers, projects) must be completed on time unless the instructor grants additional time for extenuating circumstances.

Entrance Requirements

To be admitted to the Program, students must be 18 years of age at the time of entrance, and must possess at least a high school or a New York State equivalency diploma.

Previous Education Credit

A student may qualify for course exemption by completing college courses taken for degree credit from an accredited college or university, evaluated non-collegiate sponsored instruction, or proficiency exams.

Students who wish to be granted exemption from a required course must

- 1) Complete the Course Exemption Request Form
- 2) Present transcripts showing an earned grade of C or higher
- 3) Present the course outline, syllabus, and/or relevant supporting documentation.

The School will then evaluate these submissions and make a decision on course exemption. If a student is exempted from the course, s/he is required to take an equal number of hours of an approved elective course to complete the Certificate.

Attendance

On-time attendance is required at all classes. Unexcused tardiness and absences are not accepted and will be evaluated on a case-by-case basis.

A student who is absent from a class without adequate reason may be assigned a failing grade. Absences due to serious illness or death within a student's family are recognized as excused absences. To validate such absences, the student should present evidence to the Director, who will then provide a letter of verification to all of the student's instructors for the term.

Makeup quizzes and exams must be requested by the student and will be scheduled at the instructor's discretion. Deficiency in any required work resulting from absence from class must be made up at the student's own expense to satisfy the instructor.

Tardiness Policy

Students are expected to be in class on time. Any student who is tardy more than three times shall be required to speak with the Director.

Leave of Absence Policy

In the case of a prolonged illness or accident, death in the family, or other special circumstances that make attendance impossible or impractical, a leave of absence may be granted to the student if requested in writing by the student with the specific reason for the leave request. It should include the approximate length of the requested leave. The approval of such leaves of absence shall be in writing by the School Director.

When a student returns from an approved leave of absence, s/he will be placed in the instructional program at the point commensurate with the skill level retained by the student at the time of his/her return. The School will assess this skill level in a counseling session with the student, or by employing a written or oral evaluation.

Academic Policies & Procedures (cont.)

Student Withdrawal Policy

Students who wish to withdraw should meet with the School Director to review their progress and options for completing their education at the School at a later date. Approval for return to the program will be determined based on course schedule and other factors at the discretion of the School.

Student Conduct

Students are expected to establish good working relationships with their instructors, fellow students, and all other members of the Garden's staff. It is the policy of the School to treat all students equitably and to administer all policies, procedures, and rules and regulations consistently. When a student's performance is unsatisfactory or when students violate the policies and procedures of the School, the type of discipline selected will depend on the severity of the offense. Where warranted, the Director may elect to impose a suspension or termination whether or not there has been prior disciplinary action.

A student who wishes to appeal may present his/her case to the Director.

Certificate Requirements

- Certificate requirements are those stated in the catalog from which the student first registered for a Certificate course.
- To qualify for a Certificate, students must receive passing grades in all required courses.
- A student has six (6) years from the start of their first required course, to complete a Certificate.

Certificate Graduation Ceremony

The 2019 ceremony is scheduled for Sunday, June 2. Students who expect to complete their Certificate requirements, or be enrolled in their remaining classes, by May 25, 2019, must inform the Registration Office in writing of their candidacy by Friday, February 23, 2019.

You will be informed if you are eligible for a Certificate by April 20. Call the Registration Office at 718.817.8747 with any questions.

Transcripts

Official (\$4 each) and Unofficial transcripts (free) are available from the Registration Office year-round. Official transcripts must be requested in writing, including the name and address of the institution to which the transcript is being mailed. Transcripts are mailed within two (2) weeks and a copy is sent to the student.

Privacy

The School of Horticulture and Landscape Design complies with the Federal Education Rights and Privacy Act of 1974. The following categories of information concerning individual students and former students may be made available to the general public: name, attendance dates, telephone listing, date and place of birth, field of study, and previous education institutions attended by the student. Students may request that any of the above information not be released without his/her prior consent.

WHAT YOU SHOULD KNOW ABOUT STATE LICENSED PRIVATE SCHOOLS

The School of Horticulture and Landscape Design—which includes three programs: Horticulture, Horticultural Therapy, and Landscape Design—is licensed by the New York State Department of Education. Licensure under the state recognizes the Certificate Programs in Horticulture, Horticultural Therapy, and Landscape Design as high quality and career oriented.

Licensed private career schools offer curricula measured in clock hours, not credit hours. Certificates of completion are issued to students who meet clock hour requirements. The granting of any college credit to students who participate in and/or complete a program at a licensed private career school is solely at the discretion of the institution of higher education that the student may opt to subsequently attend.

Students of Licensed Private Schools in the State of New York have the right to file a complaint with the New York State Education Department if they believe that the School or anyone representing the School has acted unlawfully. Students may make complaints about the conduct of the school, advertising, standards and methods of instruction, equipment, facilities, qualifications of teaching and management personnel, enrollment agreement, methods of collecting tuition, School license or registration, School and student records, private School agents, and other charges.

To file a complaint, students should submit a letter in writing to the Director of Adult Education at lwhitmer@nybg.org

If that proves unsatisfactory, they may write to the New York State Education Department's Bureau of Proprietary School Supervision at 116 West 32nd Street, 5th Floor, New York, NY 10001, or call the Department at 212.643.4760, requesting an interview for the purpose of filing a written complaint. All relevant documents must be brought to the interview. If you cannot attend an interview, send a letter or call the Bureau to request a complaint form. You must complete and sign the form and mail it to the Bureau, including copies of all relevant documents. The Bureau cannot investigate any complaint made more than two years after the date of alleged occurrence.

Professional Societies, and Academic Programs

Landscape Design Students and Alumni Association (LDSA)

LDSA encourages a dynamic exchange of information among students, faculty, and alumni. It provides networking opportunities as well as an indispensable Q&A service via a Yahoo Group available to all members. Monthly meetings feature guest speakers and informal design critiques, and are focused on topics that extend beyond the classroom into the professional arena. All students and alumni in Landscape Design and Horticulture are invited to attend. Call Elaine Yellen at 914.723.4090 for details or drop by one of scheduled our meetings.

American Horticultural Therapy Association (AHTA)

The AHTA promotes the development of horticultural therapy programming throughout the United States. Their mission is to help the profession gain visibility. The AHTA also administers a voluntary professional registration program that lists accredited horticultural therapists. For more info, visit ahta.org

Association of Professional Landscape Designers (APLD)

The APLD advances landscape design as a career and promotes the recognition of landscape designers as qualified professionals. It has established a set of rigorous standards that must be met to become certified. Student memberships are available for those actively enrolled in a landscape design or horticulture program. For more information visit apld.org

Department of Environmental Conservation (DEC)

The New York State Department of Environmental Conservation (DEC) requires commercial pesticide applicators to take a 30-hour course such as Preparation for Pesticide Applicator Certification Examination (HRT 357) offered at the Garden, and pass a State-administered exam. Applicators must periodically apply for recertification and complete a number of courses that the DEC and the New Jersey State Department of Environmental Protection (DEP) have approved for recertification credits.

Northeast Organic Farming Association (NOFA)

NOFA offers CEUs to Accredited Organic Land Care Professionals (AOLCPs) who have made a commitment to practice in accordance with NOFA Organic Land Care Standards, to pursue ongoing education in methodology, and to create ecologically sound landscapes and living environments for their clients. For more information, visit nofa.org

The New York Botanical Garden & Bronx Community College Associate Degree Program

NYBG and Bronx Community College offer an Associate Degree program. The first year of the program is offered at BCC where students take academic courses. The second year is spent at NYBG, where students take academic courses and work in horticulture. For more information, contact NYBG at 718.817.8747 or Adijat Adebola at adijat.adebola@bbc.cuny.edu or 718.289.5538.

Tuition and Fees

Program	Tuition	Non-Refundable Registration Fee	Total
Horticulture: Plant Production: Track 1	\$3,937	\$100	\$4,037
Horticulture: Sustainable Landscape Management: Track 2	\$5,037	\$100	\$5,137
Horticulture: Arboriculture: Track 3	\$4,890	\$100	\$4,990
Horticulture: Sustainable Garden Design: Track 4	\$4,988	\$100	\$5,088
Horticultural Therapy	\$5,015	\$100	\$5,115
Landscape Design	\$8,552	\$100	\$8,652

Refunds and Withdrawals

No discounts will be granted for missed classes.

A 100% refund will be issued if your class is cancelled due to low enrollment.

A student who cancels within 7 days of signing the enrollment agreement receives all monies returned with the exception of the non-refundable registration fee. Thereafter, a student will be liable for all of the following:

1. the non-refundable registration fee
2. the cost of any textbook or supplies accepted
3. tuition liability as of the student's last date of physical attendance

Because students pay tuition on a class-by-class basis, tuition liability is based on the cost of each individual class. Total tuition liability is limited to the quarter during which the student withdrew or was terminated and any previous quarters completed.

The charts below indicates what % of the student's tuition the school may keep, based on when the student withdraws or is terminated.

FOR COURSES LONGER THAN 6 WEEKS

First Quarter	% of tuition the school may keep	% of tuition the student is due
Prior to or during the first week	0%	100%
During the second week	25%	75%
During the third week	50%	50%
During the fourth week	75%	25%
After the fourth week	100%	0%
Subsequent Quarters		
During the first week	25%	75%
During the second week	50%	50%
During the third week	75%	25%
After the third week	100%	0%

FOR COURSES 6 WEEKS OR LESS

	% of tuition the school may keep	% of tuition the student is due
0–15% of the program complete	0%	100%
16–30% of the program complete	25%	75%
31–45% of the program complete	50%	50%
46–60% of the program complete	75%	25%
More than 60% of the program complete	100%	0%

To withdraw from a class and request a refund, please contact the Director at lwhitmer@nybg.org or 718.817.8595. The failure of a student to immediately notify the Director in writing of the student's intent to withdraw may delay a refund of tuition to the student pursuant to Section 5002(3) of the Education Law.

Weekly Student Liability Chart

Horticulture Track 1 – Plant Production

The charts below indicate how much a refund would be in the event that a student had to withdraw or cancel their enrollment of particular courses during the program.

FIRST QUARTER	Prior to or during the first week	During the second week	During the third week	During the fourth week	After the fourth week
Intro to Plant Science	\$395	\$296.25	\$197.50	\$98.75	\$0

SUBSEQUENT QUARTERS	During the first week	During the second week	During the third week	After the third week
Soil Science I	\$341.25	\$227.50	\$113.75	\$0
Plant Propagation I: Basic Principles	\$359.25	\$239.50	\$119.75	\$0
Horticultural Techniques: Greenhouse Practices	\$269.25	\$179.50	\$89.75	\$0
Plant Propagation II: Applications	\$296.25	\$197.50	\$98.75	\$0
Insect Pests of Landscape Plants	\$326.25	\$217.50	\$108.75	\$0
Soil Science II	\$296.25	\$197.50	\$98.75	\$0
Disease Identification and Management	\$356.25	\$237.50	\$118.75	\$0
Nursery and Greenhouse Measurement	\$411.75	\$274.50	\$137.25	\$0

Weekly Student Liability Chart

Drainage	\$221.25	\$147.50	\$73.75	\$0
Portfolio and Presentation Skills	\$284.25	\$189.50	\$94.75	\$0

Registration

Registration

The quickest way to register for a class is to visit nybg.org/adulted
Classes are filled in the order that payments are received. Many classes fill quickly, so please sign up early to avoid disappointment!

Registration confirmations will be sent same day via email.

General Information

Getting Here

You must present your printed confirmation letter at the Moshulu Gate of NYBG to gain entrance and free parking.

The Garden

Quick and easy to reach Bronx River Parkway (Exit 7W)

Metro North Railroad to Botanical Garden Station

Storm Closings

Class cancellations due to inclement weather will be rescheduled.
For closings due to weather, check our website, or call 718.817.8747 for a recorded message. Please call at the times noted below for a recorded message on the status of your class:

7:30 am for classes beginning at 9–11:45 am

10:30 am for classes beginning at 12–3 pm

1 pm for classes beginning at 3:15–8 pm

Financial Assistance

Financial assistance is available through Adult Career and Continuing Education Services—Vocational Rehabilitation (ACCES-VR) and the Veterans Administration Educational Benefits. ACCES-VR services are for individuals with disabilities that interfere with getting or keeping a job or who have difficulty advancing at their job. For more information, refer to: <http://www.acces.nysed.gov/vr/apply-vocational-rehabilitation-services> Additionally, VAEB provides benefits to eligible veterans of the United States armed forces. An educational allowance may also be available to spouses and children of veterans, under Title 38, Chapter 35. Contact the School's Director for further information.

Accessibility

The New York Botanical Garden is accessible and accommodating to persons with disabilities. Please ask about special needs accommodations when you register. For general information about accessibility at the Garden, visit nybg.org

School Facilities

Classrooms and academic facilities are in the Watson and Library buildings in the New York Botanical Garden.

Non-Discrimination Policy

NYBG's School of Horticulture and Landscape Design has a policy of non-discrimination. It prohibits discriminatory actions against and treatment of applicants for admissions based on actual or perceived race, color, national origin, alienage or citizenship status, religion or creed, gender, disability, age (18 and over), military status, prior record of arrest or conviction, marital status, genetic predisposition or carrier status, sexual orientation, or status as a victim of domestic violence, a sex offense, or stalking. The New York Botanical Garden is an affirmative action, equal opportunity employer.

Disclosure Statement

The student should be aware that some information in the catalog may change. It is recommended that students considering enrollment check with the school director to determine if there is any change from the information provided in the catalog. In addition, a catalog will contain information on the school's teaching personnel and courses/curricula offered. Please be advised that the State Education Department separately licenses all teaching personnel and independently approves all courses and curricula offered. It is again recommended that the student check with the school director to determine if there are any changes in the courses/curricula offered or the teaching personnel listed in the catalog.

Address Service Requested

Without plants, life on Earth would be impossible. They give us so much: oxygen, food, shelter, medicine. Plants lift our spirits and inspire us. But we often overlook them—even as threats to their existence have never been greater.

At NYBG in 2019, we're showing our love for plants with a year of exhibitions and programs exploring the essential connections between plants, people, and the environment.

Join us and spread the #plantlove.

The New York Botanical Garden is located on property owned in full by the City of New York, and its operation is made possible in part by public funds provided through the New York City Department of Cultural Affairs.
