WORKSHOP: DIVIDING PERENNIALS

Saturday, October 5 ▪ 11 a.m.–1 p.m.

Drew Gardens ▪ East Tremont Avenue one half-block east of Boston Road (next to the Lorraine Hansberry Elementary School)

Many native plants, including those attractive to pollinators, become overgrown and require division every two to three years to remain healthy (and create more plants for sharing!). Join Butterfly Project NYC (a project of the Bronx Green-Up of The New York Botanical Garden, City Parks Foundation, NYC Parks Green Thumb, and others) for a workshop on dividing mature perennials; participants will learn techniques and practice making and replanting divisions as well as take home any extra plants (based on availability).

SOIL IS ALIVE CERTIFICATE SERIES

Wednesdays, October 16 and 23 ▪ 6–8 p.m. and

Saturday, October 19 ▪ 10 a.m.–1 p.m. (at a community garden to be determined)

New York Botanical Garden ▪ Watson Education Building

Deadline is October 4, 2019

This three-part workshop will focus on maintaining and building healthy soil. Healthy soil is vital to any productive garden, whether you grow vegetables or flowers. Learn what soil is, how to enrich it the organic way, and what concerns exist for urban soils. Parts 1 and 2 will take place at The New York Botanical Garden, and Part 3 will be hands-on at a community garden. Pre-registration is required. Priority will be given to Bronx community gardeners, but others are welcome if space allows. Register here, <http://bit.ly/2ysN37x>, or call 718.817.8026 for more information.
