The NYC Compost Project works to rebuild NYC’s soils by providing New Yorkers with the knowledge, skills, and opportunities they need to make and use compost locally. NYC Compost Project programs are implemented by DSNY-funded teams at seven host organizations, including The New York Botanical Garden. For more information on composting in the Bronx, call our helpline at 718.817.8543 or visit nybg.org/compost.

### FEATURED EVENT
