---

**ABOUT THE COVER:** Every year dozens of plein-air artists spread out across Garden grounds to capture familiar scenes in a new light. The work, all completed in one day, is featured on our cover and throughout this catalog. Plan to join us for NYBG's Sixth Annual Plein-Air Invitational in spring 2023.

School Staff

**DIRECTOR**
The School’s operations are currently managed by Dr. Kay Chubbuck, NYBG’s Vice President for Education and Interim Director of the School of Horticulture & Landscape Design. Dr. Chubbuck has over two decades of experience in educational management, university teaching, and scholarship. Prior to her current role, Dr. Chubbuck oversaw Sotheby’s Institute of Art-Global Online, which included the Hybrid MA in Art Business, the Online Premier program, Sotheby’s Summer Institute-Pre College, professional online education, and international partnerships. She has also held faculty appointments at Princeton University, the U.S. Naval Academy, and the University of Oxford, where she earned her doctorate on a Rhodes scholarship.

**INSTRUCTORS**

Martha Bucuvalas
Martha Bucuvalas has a J.D. degree and has worked for a major pharmaceutical firm for 25 years. She is an avid home gardener, and has received Certificates in Horticulture: Sustainable Garden Design and Arboriculture, and Botany from the New York Botanical Garden.

David Bulpitt
David Bulpitt has been teaching at NYBG for over 18 years. Bulpitt is the head of the Horticulture department at Tarrant County College in Ft. Worth, Texas; teaching classes in a broad range of Horticulture topics from Soil Science to Greenhouse management.

Mark Bunnell
Mark Bunnell, RLA, is a partner in the landscape architecture firm Quennell Rothschild & Partners. He has more than 32 years of experience designing and restoring public and private landscapes in New York City and beyond, including current projects for Pershing Square in Manhattan and Fowler Square in Brooklyn. Many of his projects have involved collaboration with artists, including Maya Lin, Alison Saar, and Xu Bing. His work also includes campus design projects for Sarah Lawrence College, Trinity College, and Colgate, Duke, and Brown Universities.

Jennifer Cappello-Ruggiero
Jennifer Cappello-Ruggiero holds an AAS Degree in Horticulture Design and a BT Degree in Horticulture Technology. She did much of her early training as an intern at The Farmingdale State College Teaching Gardens and gained horticultural and design experience working on private residences on Long Island and as an assistant to a landscape designer. She later moved into a more public sector and became the Program Leader at East Meadow Farm; an educational and outreach facility of Cornell Cooperative Extension of Nassau County.

Paula Capps Sarathy
Paula’s special interest is the history of medieval, Victorian, and modern gardens. She earned an advanced diploma in history at Oxford University, and is completing a Master’s Degree in Garden and Landscape History at the University of London. She has traveled extensively to visit and study gardens in the United States, Asia, and Europe.

Leslie Day
Leslie Day has been a science educator for 20 years with a doctorate in science education from Columbia University. Day is also a New York City naturalist and author of Field Guide to the Natural World of New York City, Field Guide to the Street Trees of New York City, Field Guide to the Neighborhood Birds of New York City, and her latest book Honeybee Hotel: the Waldorf Astoria’s Roof Garden and the Heart of New York City.

Valerie D’Antonio
Valerie D’Antonio, APLD, holds a Certificate in Landscape Design from the New York Botanical Garden. She is the principal and owner of D’Antonio Landscape Designs, Inc. which specializes in residential garden design, installation, maintenance, garden coaching and consultation.

Francisco D’Avila
Francisco D’Avila is an ISA-certified arborist working in the private and municipal sector. He has led the Arborist tract for the MillionTrees Training program, where he trained crews in a 7-month tree climbing apprentice program. He has climbed professionally for the Central Park Conservancy and NYC Parks. He is the founder of NYCTC, a recreational tree-climbing class.

Alice Eckerson
Alice Eckerson, RLA, ASLA, is owner of the landscape architecture firm Eckerson Design Associates in Fairfield, Conn., which specializes in residential site planning and design.

Stacie Ellickson-Hastie
Stacie Ellickson, LLA, is a Senior Landscape Architect and certified arborist at MNLA. A native of Iowa, she received her Bachelor of Landscape Architecture from Iowa State University and practiced in Des Moines prior to moving to New York City in 2015. With over 10 years of experience, Ellickson has managed a variety of project types at different scales and has a passion for finding solutions and details that make each project unique.
**Michael Hagen**
Michael Hagen is the NYBG Curator of the Native Plant Garden and the Rock Garden. He previously served as Staff Horticulturist for Stonecrop Gardens in Cold Spring, NY and Garden Manager at Rocky Hills, in Mt. Kisco, a preservation project of the Garden Conservancy.

**Trevor Hall**
Trevor Hall has been working in the field of Arboriculture since 1989. Hall graduated from the University of Maryland with a degree in Ornamental Horticulture/Urban Forestry. Coming up through the ranks as ground man, climber, and foreman, he took on the duties of Arborist Representative in 2005. He has also been a winner and judge of the NYS Tree Climbing Competition.

**Sarah Hettinger**
Sarah Hettinger is a graduate of New York University in England with a degree in Historic and Sustainable Architecture. She's worked as an Assistant Conservation Officer to the Planning Division in the London Borough of Lambeth, contributing to the preservation of several historic sites through English Heritage and the National Trust for Historic Preservation. She is currently the Manager of the Lionel Goldfrank III Institutional Mapping Department at NYBG.

**Jessica Hoch**
Jessica Hoch is the Senior Manager of Environmental Partnerships at Natural Areas Conservancy. She plans and implements ecological data collection in NYC's natural areas and manages the Conservancy’s field ecology internship program. Jessica holds a bachelor's degree in geography from McGill University and a master's in ecology from Columbia University.

**David Holzman**
David Holzman received a Master of Landscape Architecture from the University of Virginia, and a B.A. in Gender Studies from the University of Chicago. He teaches various courses for New York University’s Sustainable Urban Environments program on topics ranging from green roofs to urban water. Holzman worked for a variety of design-build and architecture firms before launching his own independent design practice, Peduncle (Pedunclestudio.com).

**Kelly Ivanoski**
Kelly Ivanoski is the Manager of the Nolen Greenhouses at The New York Botanical Garden. She is a 2018 graduate of NYBG’s School of Professional Horticulture.

**Katharhy**
Katharhy’s interdisciplinary research integrates soil, microbes, and plant sciences as well as social ecology affiliated at CUNY-Advanced Science Research Center, Plant Science Lab-Lehman College, and The Regeneritive Field Institute in Ecuador. He merges western scientific knowledge with local wisdom to further inform agroecosystem health. His teaching appointments include Brooklyn College, Lehman College, as well as, GreenThumb. He also co-founded the Andes Agriculture Entrepreneur Initiative in Ecuador and worked with AgriTech/Agribusiness entrepreneurs in NY. He leads K’allam’p Inc, a nonprofit organization, providing STEAM education accessibility to indigenous communities.

**Mark Kokinchak**
Mark Kokinchak has a degree in Environmental Horticulture from UCONN and has earned a state issued Custom Grounds 3A and Arborist 3D licensing. He has over 35 years of experience in landscaping, tree and shrub maintenance, as well as turf management. His emphasis has been on fertility, cultural practices, and the control of insects and diseases.

**David Laswell**
David Laswell is the Gardener for the Burn Family Lilac Garden and the Steinhardt Maple Collection at NYBG. He has received an AAS from SUNY Cobleskill in Recreational Area and Sports Field Management. David also holds a BS from the University of Rhode Island in Urban Horticulture and Turfgrass Management.

**Bill Logan**
Bill Logan is an ISA-certified arborist, a member of the American Society of Consulting Arborists, founder and president of Urban Arborists, Inc., and author of four acclaimed books: *Dirt, Oak, Air,* and the most recent, *Sprout Lands: Tending the Endless Gift of Trees.*

**George Lozefski**
George Lozefski is the Laboratory Manager and Field & Education/Outreach Coordinator at the NYC Urban Soils Institute. As a dedicated and passionate scientist and educator, Lozefski has conducted environmental research at Columbia University’s Lamont Doherty Earth Observatory and has been teaching Geoscience courses at Brooklyn College for over 10 years. He conducts soil science and soil testing workshops and provides training in soil quality test evaluations for academic and community settings. He received his B.S. Geology from Queens College, CUNY and a M.A. Environmental Science at Brooklyn College, CUNY.

**Jonathon Matz**
Jonathon Matz is a practicing Landscape Designer and graphic designer. His experience stems from a background in graphics and representation, reinforced with technical knowledge gained from experience at a multidisciplinary office. Jonathon holds a Master of Landscape Architecture from State University of New York College of Environmental Science and Forestry (SUNY ESP) and a Bachelor of Fine Art in Graphic Design from State University of New York at New Paltz.

**Dave McConnell**
Dave McConnell, BLA, approaches landscape architecture from a fine arts and traditional architecture background. He has been involved with the design and construction of scores of projects throughout the city, including Concrete Plant Park, portions of the Bronx River Greenway and Hudson River Park Greenway, Yankee Stadium, Washington Square Park, Pelham Parkway Malls, and numerous smaller parks and playgrounds.

**Marta McDowell**
Marta McDowell holds a Certificate in Landscape Design from the Botanical Garden. She is a writer, lecturer, and garden designer. Marta is active in the Chatham Community Garden and is on the board of the NJ Historical Foundation at the Cross Estate in Bernardsville.
Caitlin Merritt
Caitlin Merritt finds a great source of her enthusiasm and designs from the intersections of aesthetics, history and culture. In addition to teaching at the New York Botanical Garden, Caitlin teaches classes in philosophy, intellectual history and great books at Sacred Heart University in Fairfield, Connecticut. She has earned her bachelor of arts in Philosophy at the College of the Holy Cross and her Master’s at Boston College.

Jamie Miller
After 15 successful years as an accomplished assistant film director and 5 years as a still photographer and art director for magazine work, Jamie earned a Landscape Design Certificate from NYBG, and now applies her years of creative experience to her work as a landscape designer as owner of J Miller Design Associates.

Adam Molinski
Adam Molinski, MLA, ASLA is a licensed landscape architect and ISA certified arborist. He is a senior designer at Hargreaves Associates and holds a Master of Landscape Architecture from UC Berkeley and a B.S. in Film from Boston University. He has over 6 years of professional experience spanning across the disciplines of landscape architecture, architecture and urban design.

Shauna Moore
Shauna Moore is the Manager of Horticulture for Somerset County Park Commission's Leonard J Buck Garden and Colonial Park Gardens in New Jersey where she curates the Rudolf W. van der Goot Rose Garden. Born and raised in Minneapolis, Minnesota, she holds bachelor’s and master’s degrees from the University of Minnesota in Horticulture Science and Landscape Architecture, as well as a Masters in Liberal Studies. As an experienced gardener and designer, she deeply understands and appreciates woody and herbaceous plant materials.

Nina Naghshineh
Nina Naghshineh is a graduate student in the Biological Sciences program at Fordham University. Nina's scientific interests center around how micro- and macro-ecological communities vary over space and time. Her research integrates field and laboratory work to explore the ecological system of the eastern redback salamander. In addition to being a researcher at Fordham University, Nina teaches Microbiology Lab and Introduction to Biology Lab to undergraduates. Before Fordham, Nina received her B.A. in Environmental Studies from New York University.

Timothy Nolan
Tim Nolan runs Gardens By Design, a landscape and garden design firm, and works as a horticultural consultant for designers, primarily in New York City and the Hudson Valley. He holds a Horticulture Certificate in Sustainable Garden Design from the New York Botanical Garden.

Levi O’Brien
Levi O’Brien has an extensive knowledge of trees and other plants and is happiest when he’s sharing his knowledge and passion with others. He has taught Dendrology and Entomology at State University of New York College of Environmental Science and Forestry in Syracuse, NY. He worked as an arborist consultant for the city parks' street tree program, co-edited A Field Guide to the Trees of Oakwood Cemetery, and has presented talks on trees to diverse audiences, from school groups to the New York Landowners Association. Levi is an ISA Certified Arborist and holds a Bachelor of Science in Environmental Biology from SUNY ESF.

Julian Picciano
Julian Picciano graduated from Purdue University in 2010 with a degree in Forestry. He spent four years as a climber and plant healthcare technician before becoming a climber/pruner and then a forester with the NYC Parks Department.

Elizabeth Poccia
Elizabeth Poccia received a Certificate in Landscape Design from the New York Botanical Garden. She is a former Assistant Designer at LDAW Landscape Architecture, where she was involved in high end residential design. She is passionate about using graphics as a tool to communicate reality to plan.

Michael Ruggiero
Michael Ruggiero is the horticulturist at Matterhorn Nursery in Spring Valley, N.Y. Former Senior Curator of Horticulture and a long-time instructor at the New York Botanical Garden, he lectures and writes on gardening topics and has authored several books.

Vincent Simeone
Vincent Simeone has worked for many years in public horticulture and is currently the Director at Planting Fields Arboretum State Historic Park. He also leads garden tours all over the world with Allan Armitage. Vincent serves on several committees including the Gold Medal Plant Award Committee and the LINLA Landscape Awards Committee.

Mobee Weinstein
Mobee Weinstein is Foreman of Gardeners at the New York Botanical Garden, holds a BS in Plant Studies from Lehman College, and is a graduate of the School of Professional Horticulture. She is a NOFA-accredited Organic LandCare Professional and has more than 30 years of experience.

Jessica Zavaglia
Jessica Zavaglia holds a Certificate in Landscape Design from NYBG and is co-owner and principal of Zavaglia Associates, a landscape design & development firm serving Westchester County, NYC, and lower Fairfield County, CT.
Horticulture

Develop the vital skills needed to protect and manage sustainable landscapes, maintain healthy trees, design attractive gardens, and produce landscape plants. Enroll in a single class or pursue a Horticulture Certificate.

### THE CERTIFICATE PROGRAM

Increasing concerns for environmental quality, conservation, and restoration are driving jobs nationwide at landscaping companies, nurseries and garden centers, public parks, botanical gardens, and private estates. The NYBG Horticulture Certificate is a NY State-licensed credential that helps professionals enhance their profiles, and individuals pursue new green careers. Taught by landscape and horticulture experts, the unique program blends classroom theory with field studies in the Garden's historic landscape, offering a high standard of training in four areas of concentration: Plant Production, Sustainable Landscape Management, Arboriculture, and Sustainable Garden Design.

*Course hours do not include exam hours
**Courses offered in the Spring–Summer Catalog
†Courses with a prerequisite before you can register

For professional organizations, see p.18.

CERTIFICATE CLASSES
Open to Non-Certificate students

INTRODUCTION TO PLANT SCIENCE
ALL TRACKS
This user-friendly intro course surveys the major plant groups—flowering plants, conifers, ferns, and bryophytes—focusing on their form and structure. Become botanically literate and gain practical experience in dissecting and analyzing plant structures. | $395/$435

8 Saturdays, 9/17–12/12 (no class 10/31), 6–8 pm
Vincent Simeone | NYBG | 233HRT332

8 Tuesdays, 1/10–2/28, 6–8 pm
Marvel Bucuvalas | Online | 232HRT300A

INTRODUCTION TO PLANT SCIENCE
THE FOUNDATIONS OF PLANTS
TRACK 1
This course will help you become familiar with the major plant groups and discover grower secrets to success. Through lectures and at-home labs, learn how to select, grow, and integrate plants into different landscape settings. | $295/$325

6 Tuesdays, 2/7–3/14, 10 am–1 pm
Michael Ruggiero | NYBG | 231HRT302

8 Mondays, 3/6–5/1 (no class 4/10), 6–8 pm
Nina Naghshineh | Online | 233HRT300G

SOIL SCIENCE I ALL TRACKS
Soil is a dynamic, living organism and the very foundation of sustainable horticulture and agriculture. This course focuses on the texture, structure, density, and color of different soils and the dynamic relationship that exists among soil, water, and plants. Through lectures and at-home labs, learn irrigation and drainage techniques and explore how soil, organic matter, and microbiology relate to plant health and soil conservation. | $455/$495

9 Mondays, 3/6–5/1 (no class 4/10), 6–8 pm
David Bulpitt | NYBG | 231HRT301

10 Tuesdays, 3/7–5/9, 6:30–8:30 pm
Justice Ibarra | Online | 233HRT301B

LATE SEASON PERENNIALS & GRASSES TRACK 4
This course is designed for horticulturists and gardeners who are familiar with the basic culture of perennials. Learn the identifying characteristics, classification, scientific and common names, and landscape uses of approximately 60 summer- and fall-blooming native and non-native perennials and grasses. | Prerequisite: Intro to Plant Science

$395/$435

9 Wednesdays, 9/14–11/9 (no class 10/18), 5–7 pm
Trevor Hall | NYBG & Online | 232HRT353BL

PLANT COMMUNITIES
Fundamentally change the way you view natural landscapes by learning about the complex factors that inform which plants grow in what combinations. Understanding how and why these plant communities form will help you design beautiful landscapes that are more resilient, diverse, and harmonious. | $169/$185

2 Wednesdays, 11/2–11/9, 6–7:30 pm & Saturday, 11/5, 10–1 pm
Sarah Bray | NYBG & Online | 232HRT303

PLANT PROPAGATION I TRACK 1
Learn principles and techniques of plant propagation by seed and cuttings. Explore basic sexual and asexual propagation, focusing on fruit development, seedling production, root initiation, stem and leaf cuttings, and layering. | Prerequisite: Intro to Plant Science

$479/$525

6 Wednesdays, 9/28–11/9 (No class 10/5), 5:30–8:30 pm
Mobee Weinstein | NYBG | 231HRT411

7 Mondays, 3/6–4/17, 10 am–1 pm
Michael Ruggiero | NYBG | 233HRT411B

LANDSCAPE PLANTS: BROADLEAVED EVERGREENS TRACK 4
Become familiar with the cultural requirements, identifying features, and uses of native and non-native broadleaved evergreens, and incorporate them into both naturalistic and formal landscape settings. Major plant groups include Ilex, Rhododendron, Buxus, and evergreen groundcovers. | Prerequisite: Intro to Plant Science

$219/$239

5 Saturdays, 9/17–11/19, 10:30 am–12:45 pm
Vincent Simeone | NYBG | 233HRT332A

5 Fridays, 2/24–3/24, 10:30 am–12:45 pm
Vincent Simeone | NYBG | 233HRT332B

TREE MANAGEMENT TRACK 2
Explore a holistic approach to keeping trees healthy and vigorous. Topics include planting and transplanting, pruning, fertilization, root system management, common problems, tree defenses, and lightning protection. Samples of tree problems, supplies, and tools are exhibited. | $335/$369

8 Wednesdays, 9/14–11/9 (no class 10/27), 5–7 pm
Trevor Hall | NYBG | 231HRT422

8 Saturdays, 10/6–11/10, 2–5 pm
Levi O’Brien | NYBG | 232HRT300

8 Mondays, 10/17–12/12 (no class 10/31), 6–8 pm
Martha Bucuvalas | Online | 232HRT300B

8 Tuesdays, 1/10–2/28, 6–8 pm
Martha Bucuvalas | Online | 232HRT300D

8 Saturdays, 1/21–3/18 (no class 2/18), 1–3 pm
David Bulpitt | Online | 233HRT301C

SOIL SCIENCE II: CHEMISTRY AND NUTRITION TRACKS 1, 2 & 3
Go beyond basic soil chemistry and examine how a soil’s pH affects what nutrients are available to plants. Explore the ionic exchange capacities of soil, the complex nitrogen cycle, and the effects of composted soil amendments and fertilizers. Discover how soil and plant tissue tests can help monitor plant nutrition and health. | Prerequisite: Soil Science I

$455/$495

9 Mondays, 9/19–11/21, 6:30–8:30 pm
David Bulpitt | NYBG | 231HRT302O
TREE CLIMBING FOR ARBORISTS  TRACK 3
This course is designed for people interested in arboriculture. Learn techniques such as rope setting, knot tying, body thrusting, double-crotchng, foot locking, and limb walking. The goal of the course is for each student to improve his or her climbing skills. Taught on Garden grounds, this class offers expert instruction and critique. Wear comfortable clothing, sturdy work or hiking boots, and light leather or cloth gloves. All other equipment is provided. | $425/$469
7 Sundays, 9/18–11/13 (no class 9/25 & 10/9), 10 am † Shauna Moore | NYBG & Online | 231HRT331B
6 Saturdays, 10/12–11/16, 10 am † Jennifer Cappello-Ruggiero | NYBG & Online | 232HRT358ABL
6 Saturdays, 4/15–5/20, 10 am–12:40 pm Valerie D’Antonio | NYBG | 234HRT358A
6 Sundays, 4/16–5/21, 10 am–1 pm Timothy Nolan | NYBG & Online | 234HRT358BBL

FALL TREES AND SHRUBS  TRACK 3
Explore how to identify and use shade trees and shrubs that are native to and thrive in our region, including Acer, Quercus, and Viburnum, which are particularly ornamental in fall. Prerequisite: Intro to Plant Science | $295/$325
7 Saturdays, 9/24–11/2 (no class 10/8), 10 am–12 pm Timothy Nolan | NYBG & Online | 231HRT331ABL
4 Thursdays, 10/13–11/3, 10 am–1 pm Levi O’Brien | NYBG | 232HRT331B

NURSERY & GREENHOUSE MANAGEMENT  TRACK 1
Learn the basic principles and best practices of greenhouse and nursery construction and design, and commercial greenhouse and field plant production. Understand how to manage a commercial growing operation, including site selection, planning and layout, and production methods of greenhouse and nursery crops, both in the field and in containers. The course includes a field trip to area nurseries. Prerequisite: Intro to Plant Science | $549/$605
8 Tuesdays, 10/11–11/29, 5–7:30 pm Plus an all-day field trip Friday, 11/4, 8 am–4 pm Kelly Ivanoski | NYBG | 232HRT491S

PLANTS FOR LANDSCAPING  TRACK 4
Choose the right plant for the right place, based on site-specific design and maintenance criteria. Learn landscape values such as size, texture, color, and flowering and fruiting seasons. Review trees, shrubs, groundcovers, annuals, and perennials suitable for this region. | $395/$435
7 Sundays, 9/18–11/13 (no class 9/25 & 10/9), 10 am † Shauna Moore | NYBG & Online | 231HRT358EBL
6 Wednesdays, 10/12–11/16, 10 am † Jennifer Cappello-Ruggiero | NYBG & Online | 231HRT358EBL

DISEASE IDENTIFICATION & MANAGEMENT  TRACKS 1, 2, & 3
Learn common diseases of woody and herbaceous ornamentals and turfgrass, and the cultural, biological, and least-toxic strategies for their control. Prerequisite: Intro to Plant Science | $475/$495
4 Thursdays, 10/13–11/3, 6:15–8:30 pm, and 3 Saturdays, 10/15–10/29, 10 am–1 pm Mark Kokinchak | NYBG & Online | 232HRT481BL

INVASIVE WEED IDENTIFICATION & MANAGEMENT  TRACK 2
Students will be introduced to the topics of invasion biology and weed management and their related terminology. Approximately 60 invasive weed species common throughout the northeastern United States will be presented, with a focus on woody species. Management techniques and management plans will also be discussed. Field walks will be given on NYBG grounds. Prerequisite: Intro to Plant Science | $355/$395
4 Saturdays, 10/15–11/5, 10:30 am–1:30 pm Erica DeLuca | NYBG | 232HRT482

BUSINESS PRACTICES FOR THE LANDSCAPE PROFESSIONAL  TRACK 2
Study how to effectively organize and operate a small landscape business that will sustain itself and earn a profit. Learn how to attract new clients, position oneself in a crowded market, and choose the right type of business model. Gain experience in preparing proposals and contracts, pricing services and materials, and creating budgets. You will walk away from this class with a basic plan to guide you in creating a successful business. | $295/$305
6 Thursdays, 1/12–2/16, 10:15 am–12:15 pm Jessica Zavaglia | Online | 233LAN457O

PRUNING PRINCIPLES AND PRACTICES  TRACKS 2 & 3
Through classwork and hands-on practice, develop pruning tools and techniques to help shrubs, conifers, broadleaves, evergreens, and deciduous plants thrive. Explore how woody plant structure and physiology influence pruning. Learn how to create and maintain hedges and explore authentic pollarding techniques. Come dressed for fieldwork, and bring bypass pruners if you have them. Prerequisite: Intro to Plant Science | $385/$425
6 Tuesdays, 11/1–12/13 (no class 11/8), 10 am–1 pm Bill Logan | NYBG | 232HRT321A
6 Fridays, 1/13–2/17, 10 am–1 pm Bill Logan | NYBG | 232HRT321B
6 Tuesdays, 2/21–3/28, 10 am–1 pm Bill Logan | NYBG | 233HRT321D

HORTICULTURAL TECHNIQUES: GREENHOUSE PRACTICES
This course introduces students to the practical skills required for growing plants in greenhouses with an emphasis on integrated management techniques. Topics include structures and equipment, soils and other growing media, irrigation and fertilization practices, potting and repotting, and cultural practices. | $359/$395
6 Wednesdays, 11/2–12/14 (no class 11/23), 2–5 pm Toshi Yano | NYBG | 232HRT312P

PLANT PROPAGATION II  TRACK 1
Learn to work with plants that are difficult to propagate by seed or cuttings. Subjects include advanced seed propagation and techniques of grafting, budding, and micro-propagation. Learn tissue culture at NYBG’s Pfizer Laboratory, and tour a retail nursery for a hands-on grafting project. Prerequisite: Plant Propagation | $495/$539
4 Tuesdays, 1/24–2/14, 5–8 pm; Plus an all-day field trip TBA, 7:30 am–4 pm Mobei Weinstein | NYBG | 233HRT412

WINTER TREE IDENTIFICATION  TRACK 3
Learn basic winter tree identification using dormant-season characteristics of deciduous plants as well as conifers. Dress for the weather. Prerequisite: Intro to Plant Science | $295/$325
5 Tuesdays, 1/10–2/7, 1–3 pm Bill Logan | NYBG | 232HRT440

CHAINSAWS: USE, SAFETY, AND MAINTENANCE  TRACK 3
Whether you are a budding arborist or weekend woodcutter, knowing how to use your chainsaw safely and maintain it properly are keys to success. This lecture-demonstration course by an ISA-certified arborist teaches you the basics of chainsaw use and care, sharpening, and bar tensioning. | $145/$159
Saturday, 1/21, 9 am–3:30 pm Julian Picciano | NYBG | 233HRT308

Exam on last class date.
ANNUAL AND PERENNIAL GARDEN MAINTENANCE TRACK 4
Manage annual and perennial gardens with a variety of practices: soil and weed management, watering, pest identification and control, and seasonal clean-up. Develop a management plan for a small perennial garden. Prerequisites: *Soil Science I and Plants for Landscaping or Late Season Perennials & Grasses* | $195/$215
4 Wednesdays, 1/25–2/15, 10 am–12 pm
Erika Hanson Moore | Online | 233HRT344O

BASIC DESIGN AND INSTALLATION OF IRRIGATION SYSTEMS TRACK 2
Learn how to design, install, and maintain conventional, specialty drip, and micro-drip irrigation systems. Drip systems are useful for rooftop and terrace gardens, planters, raised beds, and many landscape and nursery production systems. We will cover basic hydraulics and review the best irrigation products. Learn to troubleshoot, practice visual maintenance, and identify service requirements. Design books supplied. | $295/$329
Thursday & Friday, 1/26 & 1/27, 10 am–4:30 pm
Steve Dobossy | NYBG | 233HRT323

LANDSCAPE PLANTS: CONIFERS TRACK 3
Learn to identify, classify, and use the best regional native and non-native conifers for naturalistic and formal landscape designs. Prerequisite: *Intro to Plant Science* | $295/$325
7 Thursdays, 2/2–3/16, 10 am–12 pm
Michael Ruggiero | NYBG | 233HRT333

SUSTAINABLE GARDEN DESIGN TRACK 4
This studio-oriented course covers basic site analysis, planting plans, and color schemes (analogous or sequential, complementary, and monochrome). Presentations, discussions, and design projects combine practical information with theoretical garden design. Prerequisites: *Graphics I, Annuals, Spring Perennials, and Late Season Perennials & Grasses* | $485/$535
2 Saturdays, 1/21 & 3/18, 10 am–2 pm, and 6 Mondays, 1/23–3/13 (no class 2/20 & 2/27), 6–8 pm
Ty Tan | NYBG & Online | 233HRT551BL

SUSTAINABLE GARDEN CARE TRACK 3
Explore how to create a healthy garden while supporting biodiversity and conserving resources. We’ll discuss ways to minimize water usage, effectively handle stormwater, create a healthy soil food web, and use non-toxic alternatives to maintain optimal plant health. Prerequisite: *Intro to Plant Science and Soil Science I* | $195/$215
4 Saturdays, 2/4–3/4 (no class 2/18), 10:30 am–12:30 pm
Steve Conaway | NYBG | 233HRT395

URBAN TREE CARE TRACK 3
Soil compaction, construction damage, and land development practices can lead to tree decline and early tree mortality. Examine the biology of trees, and learn how they respond to changes in the urban environment. Explore techniques for assessing and preserving tree health and vigor, as well as new diagnostic tools and methods for tree and site analysis in developed urban sites. Prerequisite: *Intro to Plant Science* | $295/$325
6 Saturdays, 3/4–4/15 (no class 4/8), 9 am†
Julian Picciano | NYBG & Online | 233HRT426BL

LANDSCAPE PLANTS: BULBS TRACK 4
This course is designed for horticulturists, gardeners, or designers who want to learn to identify and classify familiar and unusual spring-, summer-, and autumn-flowering bulbs. We will also focus on understanding their biology. Prerequisite: *Intro to Plant Science* | $295/$325
7 Thursdays, 3/16–5/4 (no class 4/6), 10 am–12 pm
Marta McDowell | NYBG | 233HRT342

LANDSCAPE MANAGEMENT TRACK 2
Examine sustainable techniques for managing and maintaining commercial and residential landscapes. Develop programs that reduce adverse effects on the environment, including alternative approaches to conventional lawn management. Prerequisites: *Intro to Plant Science and Soil Science II* | $579/$635
9 Thursdays, 3/16–5/18 (no class 4/6), 4:30–7:30 pm
David Laswell | NYBG | 233HRT443

MATHEMATICS FOR HORTICULTURISTS TRACK 2
This course is designed for horticulturists who are responsible for maintaining outdoor landscapes. We will cover how to calculate area to help estimate plant and soil needs, apply rates for fertilizers, and calculate amounts of soil amendments. | $149/$165
3 Wednesdays, 3/1–3/15, 5–7 pm
Mobee Weinstein | Online | 233HRT356O
Landscape Design

The need to develop, preserve, and protect our open spaces and environmental and cultural resources has never been greater. NYBG’s engaging, career-oriented program gives you a solid, plant-focused foundation. Take a single class for pleasure or pursue a professional Certificate in Landscape Design.

THE CERTIFICATE PROGRAM

Whether you’re changing careers or taking yours to the next level, the NYBG Landscape Design Certificate distinguishes your portfolio and showcases your development as a creative professional. And that puts you ahead—with colleagues, employers, and clients. Outstanding instructors who are working professionals guide you through a comprehensive program, where you will:

• Analyze existing landscapes, identify site-specific problems, and develop design solutions.
• Prepare planting plans that are practical, sustainable, and aesthetically pleasing for a variety of projects.
• Demonstrate skills associated with site engineering practices, principles, and techniques.
• Develop strategies for professional success using business skills in preparing proposals, pricing, purchasing, and more.

CERTIFICATE CLASSES

Open to Non-Certificate students

LANDSCAPE DESIGN HISTORY
This course is also required for the Horticulture Certificate TRACK 4.

Explore theories, traditions, and principles that have shaped the design of landscapes from antiquity to the present, through visual presentations, assigned readings, projects, and classroom discussion. $595/$655

8 Wednesdays, 10/12–12/7 (no class 11/23), 10 am–1 pm
Paula Capps Sarathy | Online | 232LAN301A0

9 Tuesdays, 1/10–3/7, 6:15–9:15 pm
Mark Bunnell, RLA | Online | 233LAN301B0

8 Wednesdays, 2/1–3/22, 10 am–1 pm
Caitlin Merritt | Online | 233LAN301C0

9 Mondays, 3/20–5/15, 6:15–9:15 pm
Mark Bunnell, RLA | Online | 233LAN301D0

GRAPHICS I: HAND RENDERING
This course is also required for the Horticulture Certificate TRACK 4.

Graphics are essential in developing and communicating your ideas. Practice various graphic techniques on a range of materials and equipment and learn how to organize and render landscape plans on paper for optimal presentation to clients. Homework required. $595/$655

8 Saturdays, 10/15–12/10 (no class 11/26), 10 am–1 pm
Jamie Miller | Online | 232LAN311A0

8 Saturdays, 1/21–3/18 (no class 2/18), 10 am–1 pm
Jamie Miller | Online | 233LAN311B0

8 Fridays, 2/24–4/21 (no class 4/7), 10 am–1 pm
Elizabeth Poccia | NYBG | 233LAN311C

GRAPHICS II: DYNASCAPE

Learn the various tools and applications of this software package for landscape designers. Topics include: developing base plans from surveys, techniques for quick estimates, and utilizing the online plant database. Basic computer skills and PC laptop required. Prerequisite: Graphics I

$595/$655 (There is an additional software fee of $187.50. Special cancellation policy applies.)

8 Tuesdays, 9/13–11/15 (no class 9/27 & 10/4), 5–8 pm
Elizabeth Poccia | NYBG | 231LAN427B

8 Mondays, 1/23–3/20 (no class 2/20), 5–8 pm
Elizabeth Poccia | NYBG | 233LAN427A

8 Tuesdays, 2/21–4/11, 5–8 pm
Elizabeth Poccia | NYBG | 233LAN427B

STUDENT INFORMATION

In addition to the course fees listed, students should anticipate spending approximately $700 on class materials while completing their Certificate. Students should expect that homework will be assigned in most courses.
LANDSCAPE MEASUREMENT
Precise field measurement is the crucial first step in landscape design. Learn how to properly use automatic levels, tapes, and sophisticated survey instruments such as a total-station and mapping grade GPS. Topics will include accurately measuring distances, differences in elevation, and angles. $295/$329 Certificate Requirement
4 Saturdays, 9/17–10/15, (no class 10/8; rain date 10/22), 10 am–1 pm
Sarah Hettinger | NYBG | 231LAN340A

LANDSCAPE DESIGN I: SITE ANALYSIS AND SCHEMATIC DESIGN
Turning a vision into a plan is the designer’s first challenge. Analyze landscapes, formulate the requirements of a design project and then translate them into schematic design solutions. Take part in class discussions and critiques, and present projects. Extensive out-of-class design homework required. Prerequisite: Landscape Design History and Graphics I | $575/$635 Certificate Requirement
8 Thursdays, 10/6–12/1, (no class 11/24), 6–9 pm
Damon Arrington | Online | 232LAN401O

NEW! GRAPHICS III: PHOTOSHOP
Discover how to use a wide variety of Adobe Photoshop tools and techniques to add vibrancy to your hand- or computer-rendered drawings. Hone your own aesthetic as you craft plan views, section drawings, and design details that are client ready. Prerequisite: Graphics II | $595/$655 Certificate Requirement
10 Mondays, 1/23 & 4/3, 3–6 pm and 1/30–3/27 (no class 2/20), 6:30–8:45 pm
Jonathon Matz | NYBG & Online | 233LAN437BBL

LANDSCAPE DESIGN II: DESIGN DEVELOPMENT
Apply basic design to site-specific problems, focusing on the process of design development. Start with a concept, then progress through the schematic phase to a preliminary design solution. Examine the relationships of landscape elements and materials to the design process. Prerequisite: Landscape Design I and Graphics II | $575/$635 Certificate Requirement
8 Thursdays, 1/19–3/9, 6:15–9:15 pm
David McConnell | NYBG | 233LAN402

LANDSCAPE DESIGN III: PLANTING DESIGN
Through a series of design assignments, prepare a variety of planting plans that are practical, appropriate, and aesthetically satisfying. Explore the significance of site conditions as well as plant form, text, color, and ecological associations. Prerequisites: Landscape Design II, Graphics II, and Plants for Landscaping. Recommended: Fall Tree and Shrubs and Spring Trees and Shrubs | $575/$635 Certificate Requirement
8 Thursdays, 9/22–11/10, 6:15 pm–9:15 pm
Stacie Ellickson-Hastie | Online | 233LAN403AO

ESTIMATING
Learn how accurately estimating landscape materials, labor, overhead, and contingencies can help you stay profitable and compete successfully in today’s business climate. Prerequisite: Landscape Design II | $219/$239 Certificate Requirement
4 Wednesdays, 1/11–2/1, 10 am–12:15 pm
Michael Voelkel | NYBG | 233LAN380

SITE MATERIALS AND DETAILS
Learn the basic principles of constructing residential landscape features such as walks, steps, simple decks, garden structures, walls, and benches. Study landscape construction standards, techniques, and commonly used materials, and learn to draft construction details. Prerequisite: Graphics III | $575/$635 Certificate Requirement
8 Tuesdays, 1/24–3/14, 6–8 pm
Damon Arrington | Online | 233LAN4220

BUSINESS PRACTICES FOR THE LANDSCAPE PROFESSIONAL
Study how to effectively organize and operate a small landscape business that will sustain itself and earn a profit. Learn how to attract new clients, position oneself in a crowded market, and choose the right type of business model. Gain experience in preparing proposals and contracts, pricing services and materials, and creating budgets. You will walk away from this class with a basic plan to guide you in creating a successful business. | $295/$305 Certificate Requirement
6 Thursdays, 1/12–2/16, 10:15 am–12:15 pm
Jessica Zavaglia | Online | 233LAN457B0

LANDSCAPE DESIGN IV: DESIGN AND CONSTRUCTION
Draw upon all of the skills you’ve developed in the Landscape Design program to create a residential project from start to finish, combining design with construction principles. Emphasis is on construction drawings, documents, and specifications, as well as estimating. Prerequisites: Landscape Design III, Grading, and Site Materials and Detail | $829/$909 Certificate Requirement
11 Mondays, 2/27–5/8, 6–9 pm
David McConnell | NYBG | 233LAN520

PORTFOLIO AND PRESENTATION SKILLS
Create visually compelling print and digital portfolios to present to potential clients. Learn how to develop professional documentation for a variety of audiences through in-class design charrettes and individualized projects. Prerequisite: Landscape Design III | $379/$415 Certificate Requirement
7 Fridays, 2/10–3/24, 11 am–1:10 pm
Annie Phaosawasdi | Online | 233LAN555O

GRADING & DRAINAGE
Through discussion, fieldwork, and homework, students will identify landforms and watersheds, calculate slopes, and manipulate contours to create garden rooms, and control water flow. Learn how to communicate design ideas to contractors and evaluate the opportunities and constraints of a project site. Prerequisite: Landscape Measurement, Landscape Design I, and Graphics II | $715/$795 Certificate Requirement
10 Wednesdays, 3/1–5/10 (no class 5/4), 10 am–1 pm
Alice Eckerson | NYBG | 233LAN428
Academic Policies & Procedures

COURSES WITH PREREQUISITES
In order to register for courses with prerequisites, students must have received a passing grade in the prerequisite course(s).

SCHOOL POLICIES FOR CERTIFICATE PROGRAMS
The Director and Program Coordinators formulate policy regarding standards of student performance, including awarding Certificates, rules of conduct, and student appeals. Please contact Director with any questions or concerns at 718.817.8595.

Satisfactory Academic Progress Policy:
Student progress is measured by grades.

Students must maintain a cumulative weighted average of 70% on a 100% scale, and must pass all courses with a minimum grade of 60%. All students are required to complete a minimum of 90% of their cumulative registered clock hours. Students who do not meet the 90% cumulative completion percentage will be placed on probation. Courses for which a student receives a letter grade of A, A-, B+, B, B-, C+, C, C-, D+, D, and P (passing) are included in the calculation of cumulative clock hour completion percentage as courses successfully completed.

Courses for which a student receives a letter grade of INC and F will be treated as courses attempted, but not successfully completed. Students are required to meet these minimum standards at each point of their program evaluation. A student must repeat a course and earn a passing grade in order to fulfill the Certificate requirements; additional course materials will be charged at cost.

All coursework (final exams, papers, projects) must be completed on time unless the instructor grants additional time for extenuating circumstances.

Entrance Requirements
To be admitted to the Program, students must be 18 years of age at the time of entrance, and must possess at least a high school or a New York State equivalency diploma.

Previous Education Credit
A student may qualify for course exemption by completing college courses taken for degree credit from an accredited college or university, evaluated non-collegiate sponsored instruction, or proficiency exams.

Students who wish to be granted exemption from a required course must:
1) Complete the Course Exemption Request Form
2) Present transcripts showing an earned grade of C or higher
3) Present the course outline, syllabus, and/or relevant supporting documentation.

The School will then evaluate these submissions and make a decision on course exemption. If a student is exempted from the course, s/he is required to take an equal number of hours of an approved elective course to complete the Certificate.

Attendance
On-time attendance is required at all classes. Unexcused tardiness and absences are not accepted and will be evaluated on a case-by-case basis.

A student who is absent from a class without adequate reason may be assigned a failing grade. Absences due to serious illness or death within a student’s family are recognized as excused absences. To validate such absences, the student should present evidence to the Director, who will then provide a letter of verification to all of the student’s instructors for the term.

Makeup quizzes and exams must be requested by the student and will be scheduled at the instructor’s discretion. Deficiency in any required work resulting from absence from class must be made up at the student’s own expense to satisfy the instructor.

Tardiness Policy
Students are expected to be in class on time. Any student who is tardy more than three times shall be required to speak with the Director.

Leave of Absence Policy
In the case of a prolonged illness or accident, death in the family, or other special circumstances that make attendance impossible or impractical, a leave of absence may be granted to the student if requested in writing by the student with the specific reason for the leave request. It should include the approximate length of the requested leave. The approval of such leaves of absence shall be in writing by the School Director.

When a student returns from an approved leave of absence, s/he will be placed in the instructional program at the point commensurate with the skill level retained by the student at the time of his/her return. The School will assess this skill level in a counseling session with the student, or by employing a written or oral evaluation.
Student Withdrawal Policy
Students who wish to withdraw should meet with the School Director to review their progress and options for completing their education at the School at a later date. Approval for return to the program will be determined based on course schedule and other factors at the discretion of the School.

Student Conduct
Students are expected to establish good working relationships with their instructors, fellow students, and all other members of the Garden's staff. It is the policy of the School to treat all students equitably and to administer all policies, procedures, and rules and regulations consistently. When a student's performance is unsatisfactory or when students violate the policies and procedures of the School, the type of discipline selected will depend on the severity of the offense. Where warranted, the Director may elect to impose a suspension or termination whether or not there has been prior disciplinary action.

A student who wishes to appeal may present his/her case to the Director.

Certificate Requirements
- Certificate requirements are those stated in the catalog from which the student first registered for a Certificate course.
- To qualify for a Certificate, students must receive passing grades in all required courses.
- A student has six (6) years from the start of their first required course, to complete a Certificate.

Certificate Graduation Ceremony
The 2023 ceremony will be held on the first Sunday of June. If you expect to complete your Certificate requirements or enroll in all remaining classes by June this year, you must inform the Manager of Adult Education in writing at adultedgraduation@nybg.org by March 24.

Call the Registration Office at 718.817.8720 with any questions.

Transcripts
Official ($4 each) and Unofficial transcripts (free) are available from the Registration Office year-round. Official transcripts must be requested in writing, including the name and address of the institution to which the transcript is being mailed. Transcripts are mailed within two (2) weeks and a copy is sent to the student.

Privacy
The School of Horticulture and Landscape Design complies with the Federal Education Rights and Privacy Act of 1974. The following categories of information concerning individual students and former students may be made available to the general public: name, attendance dates, telephone listing, date and place of birth, field of study, and previous education institutions attended by the student. Students may request that any of the above information not be released without his/her prior consent.

WHAT YOU SHOULD KNOW ABOUT STATE LICENSED PRIVATE SCHOOLS
The School of Horticulture and Landscape Design—which includes three programs: Horticulture, Horticultural Therapy, and Landscape Design—is licensed by the New York State Department of Education. Licensure under the state recognizes the Certificate Programs in Horticulture, Horticultural Therapy, and Landscape Design as high quality and career oriented.

Licensed private career schools offer curricula measured in clock hours, not credit hours. Certificates of completion are issued to students who meet clock hour requirements. The granting of any college credit to students who participate in and/or complete a program at a licensed private career school is solely at the discretion of the institution of higher education that the student may opt to subsequently attend.

Students of Licensed Private Schools in the State of New York have the right to file a complaint with the New York State Education Department if they believe that the School or anyone representing the School has acted unlawfully. Students may make complaints about the conduct of the school, advertising, standards and methods of instruction, equipment, facilities, qualifications of teaching and management personnel, enrollment agreement, methods of collecting tuition, School license or registration, School and student records, private School agents, and other charges.

To file a complaint, students should submit a letter in writing to Manager of Adult Education at nthomas@nybg.org.

If that proves unsatisfactory, they may write to the New York State Education Department's Bureau of Proprietary School Supervision at 116 West 32nd Street, 5th Floor, New York, NY 10001, or call the Department at 212.643.4760, requesting an interview for the purpose of filing a written complaint. All relevant documents must be brought to the interview. If you cannot attend an interview, send a letter or call the Bureau to request a complaint form. You must complete and sign the form and mail it to the Bureau, including copies of all relevant documents. The Bureau cannot investigate any complaint made more than two years after the date of alleged occurrence.
Professional Societies, and Academic Programs

Landscape Design Students and Alumni Association (LDSA)
LDSA encourages a dynamic exchange of information among students, faculty, and alumni. It provides networking opportunities as well as an indispensable Q&A service via a Yahoo Group available to all members. Monthly meetings feature guest speakers and informal design critiques, and are focused on topics that extend beyond the classroom into the professional arena. All students and alumni in Landscape Design and Horticulture are invited to attend. Call Elaine Yellen at 914.723.4090 for details or drop by one of our meetings.

Association of Professional Landscape Designers (APLD)
The APLD advances landscape design as a career and promotes the recognition of landscape designers as qualified professionals. It has established a set of rigorous standards that must be met to become certified. Student memberships are available for those actively enrolled in a landscape design or horticulture program. For more information visit apld.org.

Department of Environmental Conservation (DEC)
The New York State Department of Environmental Conservation (DEC) requires commercial pesticide applicators to take a 30-hour course such as Preparation for Pesticide Applicator Certification Examination (HRT 357) offered at the Garden, and pass a State-administered exam. Applicators must periodically apply for recertification and complete a number of courses that the DEC and the New Jersey State Department of Environmental Protection (DEP) have approved for recertification credits.

Northeast Organic Farming Association (NOFA)
NOFA offers CEUs to Accredited Organic Land Care Professionals (AOLCPs) who have made a commitment to practice in accordance with NOFA Organic Land Care Standards, to pursue ongoing education in methodology, and to create ecologically sound landscapes and living environments for their clients. For more information, visit nofa.org

The New York Botanical Garden & Bronx Community College Associate Degree Program
NYBG and Bronx Community College offer an Associate Degree program. The first year of the program is offered at BCC where students take academic courses. The second year is spent at NYBG, where students take academic courses and work in horticulture. For more information, contact NYBG at 718.817.8720 or Adjat Adebola at adjat.adebola@bbc.cuny.edu or 718.289.5538.

## Refunds and Withdrawals

*No discounts will be granted for missed classes.* A 100% refund will be issued if your class is cancelled due to low enrollment. A student who cancels within 7 days of signing the enrollment agreement receives all monies returned with the exception of the non-refundable registration fee. Thereafter, a student will be liable for all of the following:

1. the non-refundable registration fee
2. the cost of any textbook or supplies accepted
3. tuition liability as of the student's last date of physical attendance

Because students pay tuition on a class-by-class basis, tuition liability is based on the cost of each individual class. Total tuition liability is limited to the quarter during which the student withdrew or was terminated and any previous quarters completed.

The charts below indicates what % of the student's tuition the school may keep, based on when the student withdraws or is terminated.

To withdraw from a class and request a refund, please contact the Manager of Adult Education at nthomas@nybg.org or 212-302-2054. The failure of a student to immediately notify the Director in writing of the student's intent to withdraw may delay a refund of tuition to the student pursuant to Section 5002(3) of the Education Law.

Registration & General Information

Registration

**Web**
The quickest way to register for a class is to visit nybg.org/adulted

**Phone**
718.817.8720 Registration Office, M–F 9 am–5 pm

**Confirmations**
Registration confirmations will be sent same day via email.

General Information

**Entrance to the Garden on Class Days**
You must bring your printed confirmation letter for admission to the Garden, and present it at the Moshulu Entrance to gain admittance and free parking.

**The Garden**
Quick and easy to reach Bronx River Parkway (Exit 7W)
- Metro North Railroad to Botanical Garden Station

**Midtown Education Center**
Two blocks from Grand Central Terminal
20 West 44th Street, between 5th and 6th Avenues;
212.302.2054

**Storm Closings**
Class cancellations due to inclement weather will be rescheduled.
For closings due to weather, check our website, or call 718.817.8747 for a recorded message. Please call at the times noted below for a recorded message on the status of your class:
- 7:30 am for classes beginning at 9–11:45 am
- 10:30 am for classes beginning at 12–3 pm
- 1 pm for classes beginning at 3:15–8 pm

**Financial Assistance**
Financial assistance is available through Adult Career and Continuing Education Services—Vocational Rehabilitation (ACCES-VR) and the Veterans Administration Educational Benefits. ACCES-VR services are for individuals with disabilities that interfere with getting or keeping a job or who have difficulty advancing at their job. For more information, refer to: http://www.acces.nysed.gov/vr/apply-vocational-rehabilitation-services
Additionally, VAEB provides benefits to eligible veterans of the United States armed forces. An educational allowance may also be available to spouses and children of veterans, under Title 38, Chapter 35. Contact the School’s Director for further information.

**Accessibility**
The New York Botanical Garden is accessible and accommodating to persons with disabilities. Please ask about accommodations when you register. For general information about accessibility at the Garden, visit nybg.org.

**School Facilities**
For the latest policies, please visit nybg.org/learn/adult-education/about-us/.

**Non-Discrimination Policy**
NYBG’s School of Horticulture and Landscape Design has a policy of non-discrimination. It prohibits discriminatory actions against and treatment of applicants for admissions based on actual or perceived race, color, national origin, alienage or citizenship status, religion or creed, gender, disability, age (18 and over), military status, prior record of arrest or conviction, marital status, genetic predisposition or carrier status, sexual orientation, or status as a victim of domestic violence, a sex offense, or stalking. The New York Botanical Garden is an affirmative action, equal opportunity employer.

**Disclosure Statement**
The student should be aware that some information in the catalog may change. It is recommended that students considering enrollment check with the school director to determine if there is any change from the information provided in the catalog. In addition, a catalog will contain information on the school’s teaching personnel and courses/curricula offered. Please be advised that the State Education Department separately licenses all teaching personnel and independently approves all courses and curricula offered. It is again recommended that the student check with the school director to determine if there are any changes in the courses/curricula offered or the teaching personnel listed in the catalog.
Grow with NYBG

Change your career. Beautify your green space. Exercise your creativity. Renew your spirit. The New York Botanical Garden has hundreds of classes to educate, inspire, and guide you.

Classes meet online, in our 250 magnificent acres in the Bronx, and at our Midtown Education Center at 20 West 44th Street.
