The NYC Compost Project works to rebuild NYC's soils by providing New Yorkers with the knowledge, skills, and opportunities they need to make and use compost locally. NYC Compost Project programs are implemented by DSNY-funded teams at seven host organizations, including The New York Botanical Garden. For more information on composting in the Bronx, call our helpline at 718.817.8543 or visit [nybg.org/compost](https://www.nybg.org/compost).

A tour group approaching the Digester Eggs at Newtown Creek.

Compost Field Trips

Tour of Digester Eggs at Newtown Creek: New York City's Water Story

Friday, August 18 • 1–3 p.m.

*Visitor Center at Newtown Creek • 329
Greenpoint Avenue Brooklyn, NY 11222*

Located at the Newtown Creek Wastewater Resource Recovery Facility in Greenpoint, Brooklyn, the Visitor Center at Newtown Creek is the only facility within the five boroughs where you can experience New York City's water infrastructure. Participants will learn how organic waste is turned into biofuel through the digester technology, as well as how composting and water infrastructure work hand and hand to improve the city's climate resiliency.

To register for Field Trips, go to
