**Provisional Land Acknowledgment**  
The New York Botanical Garden is located in the ancestral homeland of the Lenape (Delaware) people. We honor them and acknowledge their displacement, dispossession, and continued presence.

We are all Alice on this Garden-wide adventure! Go down the rabbit hole with artistic botanical displays in and around the Haupt Conservatory, explore rare books and fine art in the Mertz Library Building, and discover fantastical surprises along the way. Follow the rabbit foot prints on this map to catch all of the exhibition highlights!
