

# NYBG BRONX GREEN-UP

August 2026

## The Master Composter Program is in full swing!

Thanks to the support of the New York City Council, funding for community composting programs and the Master Composter Certificate Course has been extended through June 2027.

That means you can continue taking courses and volunteering in all five boroughs! We've added

new workshops along with our ongoing field trips and volunteer opportunities. Register today and check back often, as new events are added on a rolling basis.
